

Eleventh Annual Flower Show Had Large Number of Entries

**Meritorious Service Diploma
Presented Mrs. J. E. O'Donnell — Supper Was Served**

The eleventh annual Flower Show, sponsored by the Stirling Horticultural Society, was held in the community hall, on Thursday last. Entries were considerably increased over the previous few years and a really fine show resulted.

The arrangements for handling the various exhibits were all that could be desired and the whole show was one that reflected credit upon the society. President F. Houchin and his assistants left nothing undone to make this year's event a success and are deeply grateful for the co-operation and assistance given them by the citizens of the village and surrounding community.

The Grand Prize for the highest score of the show was won by F. W. Houchin, followed in order by Mrs. J. E. O'Donnell and Mrs. E. Ward.

The winner of the highest score in Class A was J. Irish and in Class B, Mrs. J. E. O'Donnell was 1st, Mrs. E. Ward, second, and J. B. Belshaw, third. In the special class, F. W. Houchin won 1st, Mrs. E. Ward, 2nd, and Mrs. J. E. O'Donnell and J. B. Belshaw tied for third.

Just before supper, Mr. F. Houchin, Pres., told the gathering that this would probably be the last year that the Horticultural Society and Red Cross would be working together on this annual event, and he thanked the members of Red Cross for their help and friendly cooperation during the war years. Over \$400.00 had been added to the Red Cross funds as a result. Mr. Houchin also mentioned that the Horticultural Society hoped to have the Prize List back to normal next year, with the many and varied prizes of pre-war days, again offered to exhibitors. During the war, these had been cut to a minimum, every available dollar being turned over to the Red Cross funds.

Diploma Presented

The presentation of a meritorious Service Diploma to Mrs. J. E. O'Donnell followed. Mr. Houchin called on J. B. Belshaw, Sec., to explain the giving of the Provincial Hort. Society Diploma, and to make the presentation.

Mr. Belshaw stated that these highly prized diplomas are given through the Society for meritorious work in horticulture, and told of the faithful work of Mrs. O'Donnell through 22 years of membership in the local society.

On receiving the Diploma, Mrs. O'Donnell graciously thanked the Society, and said that the happiness she enjoyed from her flowers and in working with the other members, was reward enough. Nevertheless, she wished to express deep appreciation of the diploma.

Mr. O'Donnell also thanked the Society and mentioned the worthiness of the work the Horticultural Societies are doing.

A happy gathering then enjoyed a fine supper, surrounded by flowers and later another highly successful show and supper ended, with people in groups talking flowers and horticulture at a merry clip.

Following is a summary of prize winners.

To Open Planing Mill Here

Messrs. J. V. Holt and Don Rodgers, of this village, have purchased the planing mill and lumber business of S. Bertrand, Marmora. The machinery and other equipment are being moved to the property of Mr. Rodgers, on Edward Street, where a new mill is being established. This new industry will be a welcome addition to the village and the new owners are assured of a good patronage.

TRAIN DELAYED

Due to a wreck, involving three freight trains at McQuade's Corners, two miles east of Omemee, Friday night last, the C. N. R. passenger train due in Stirling at 10.30 p.m. did not reach here until 6 a.m. Saturday morning.

COMING HOME

Sgt. Don Ward, RCAF Medical Corps, left England Sept. 3rd for home, according to a cablegram received by his parents, Mr. and Mrs. E. Ward, this week.

Schools Opened

Stirling schools opened on Tuesday morning at nine o'clock and from the primary room to the upper grades students trooped to class after their long holiday. Registrations and information as to books needed were the main activities on the opening day and Wednesday the year's work started in earnest.

According to figures released by Principal C. A. Wells, the total attendance at the public school is 172, the same as last year. In room one there are twenty-five pupils, 20 of whom are beginners. Room two has 34; room three, 34; room four, 43, and room five, 36. There are no changes in the staff.

At the High School, registration showed 122 pupils in attendance, with 47 in Grade IX. This is the largest attendance from more years in Grade IX and augurs well for the upper forms in the coming years. There are two changes in the staff, Miss Ruth Playle replacing Miss E. Torrance and Miss Elinore Armour, replacing Miss K. McCrimmon.

Writ has been served by Thomas Bata, plaintiff, against Bata Aklova Spolecnost, of Zilin, Czechoslovakia, defendant, the claim being for judgment for \$1,122.826, as owing by defendant to plaintiff.

Successful Conference At Grace Chapel

The Ninth Annual Conference was held in Grace Chapel over Sunday and Monday last. Visitors were present from Buffalo, New York, Montreal, Gaspe Coast, Kingston, Belleville, Trenton, Hamilton, Guelph, Bancroft, Peterborough, Orillia and other points.

The Ministry was given by Messrs. S. Taylor, Peterboro; J. Martin, of Kitchener; W. Hynd, of Hamilton, and George Rainey, of Brooklyn, N.Y.

The new kitchen in Grace Chapel was appreciated in serving some 950 meals free.

Perhaps due to good weather and more gas, this was our largest conference, when over 400 gathered in the Community Hall, Sunday evening. Grace Chapel was full all day Monday.

Factory Records Reveal 1874 Prices

An old record book of Maple Leaf Cheese Company, Bonarlaw, dated December, 1874 recently discovered by Lindsay Mumby, has revealed some interesting facts concerning the prices paid for commodities in those days.

The first entry recorded bears the date of December 11th, 1874, and shows the price of cheese at that date to be ten and one half cents per pound.

Other entries show sugar purchased at 12 cents a pound and flour \$3.50 cwt. Barrel salt \$1, peas 50c, and rye 70 cents per bushel. Eight per cent interest was paid however on money borrowed. Many names appear on the records, most of whom have long been dead. However two are mentioned frequently who are well known and still reside in this district, namely John Webb now 101 years of age, and George Luery now resident in Stirling. The last entry is November 26, 1885.

The combined synthetic rubber output of the United States and Canada has supplied the armed forces of the Allies with all the rubber they need.

Honoured On 30th Anniversary

**Mr. and Mrs. Claude Tucker
Presented With A Purse of
Money — Social Time Held**

The home of Mr. and Mrs. Claude Tucker, Stirling, was the scene of a happy social event on Friday evening last, when members of their family and relatives gathered to do them honour on the occasion of their 30th wedding anniversary, which they celebrated on Saturday last.

Games and community singing were enjoyed following which Mrs. A. E. Caskey, of Frankford, read an address and Kenneth Stiles presented Mr. and Mrs. Tucker with a purse of money on behalf of their children, grandchildren, brothers and sister. Mr. and Mrs. Tucker suitably replied, following which lunch was served.

To the bride and groom of thirty years—

We your children, grandchildren, brothers and sister, and families have invaded your home this evening to remind you of your wedding day, thirty years ago.

If the first thirty years of wedded life are the hardest, we are glad to note you have come smiling through. "The inner side of every cloud

Is bright and shining.

And so, I turn the clouds about

And always wear them inside out

To show their silver lining."

We felt we could not let this anniversary pass without showing you our appreciation for your kindness shown us all in the past. You have always been willing to lend a helping hand. It has been truly said "A friend in need is a friend indeed."

So we come with our little gift, And with wishes bright and gay, For these two so true and loyal As we speed them on their way. May they bring both health and pleasures

Like the happy wedding day

This is the sincere wish of us all,

that you may have many more years of happy wedded life together.

What Others Say!

Excessive speed is the major contributory cause of road casualties. The effects of carelessness, drinking, blow-outs, mechanical failures, and bad pavements are magnified at high speeds. The physical hazards are more prevalent now than ever—at the very time that motorists rush to the roads with full gasoline tanks. Gas may be plentiful now but tires generally are old and worn. It pays to drive carefully.—Picton Gazette.

DOES LABOUR WANT ALL PLAY AND NO WORK?

The Ontario Federation of Labour wants a 40-hour week. This would be eight hours less than we now have in Ontario. Our 48-hour week presupposes that one-third of our time shall be spent in work, and if we sleep eight hours every day it will take up another 48 hours and leave another 48 hours for recreation, which after all seems a fair division, better than that now proposed in a 40-hour week.—Pembroke Standard Observer.

ONE PRACTICAL PURPOSE

The possibilities of increased flow of alcoholic beverages to the consumer may be viewed with widely different opinions but one would imagine that both "wets" and "drys" would welcome the elimination of those morning queues leading to the beer vendors' oasis. The only person likely to miss it is the merchant who told us that he used that line-up for his credit-bureau of information. He could scan the line-up from his place of business and if a customer of his appeared too often in aforesaid line-up, the customer would find himself on a strictly cash basis thereafter. Our merchant friend decided that if the Liquor Control authorities could not afford to give credit, neither could he.—Morrisburg Leader.

MODERN FARM HOMES ARE URGENTLY NEEDED

Governments, municipalities and individuals are preparing to spend millions to improve housing conditions, particularly in urban centres. Little thought is being given to providing more desirable homes for those on the farm. There is a great need for modern farm homes. The food producers of the nation have always had to put up with the inconvenience which even the poorest of their city cousins do not have to endure.

We will know that a new era has been ushered in when farmers' wives can turn on the electric light on the front porch to welcome the visitors, have soft water piped through the house and possess a modern bathroom, central heating, labor-saving household devices, and electric cook stove and a nicely mowed lawn dotted with shrubs and flowers. They deserve it! —Port Elgin Times.

With Cooking Care, Save Vitamins Rare

Everyone is tired of regulations, but simple rules are welcome aids to ration-weary housewives, especially in the kitchen where so much can go awry. Vegetables, though not on the ration list, without a doubt are the most abused of all cooked foods, but a few DO'S and DON'TS may help to reduce food losses and lighten housekeeping headaches.

DO'S

1. DO cook vegetables in large pieces, not too large for easy eating, but large enough to preserve the bright and cheerful colours which add variety and zest to meals and to retain precious vitamins and minerals.
2. DO cook in as little water as possible, and give them a good start with boiling water. It won't take nearly as long, and yet will yield dividends in colour and flavour.
3. DO bake vegetables in their skins often. Plan to make full use of the oven when it is on duty.
4. DO cook vegetables only until are done. They'll be brighter, crisper

and tastier, and more tempting for appetites.

5. DO season them carefully. Salt, pepper and butter can hardly be surpassed by the most expertly-prepared sauces.

DON'TS

1. DON'T let vegetables stand in water before cooking. It is better to spend a few moments for cleaning

and preparation at cooking time.

2. DON'T ever add soda to green vegetables. It destroys the vitamin C.
3. DON'T throw away the cooking liquid; add it instead to soups, vegetable drinks, sauces and gravies for more flavour.
4. DON'T waste any part of leftover vegetables. In this time of restric-

tions and scarcities, it behooves Mrs. Homemaker to make very little into much. Any combination of colourful, tasty, cooked vegetables will make a delicious and nutritious casserole supper-dish. Here is one in tune with the times.

Vegetable Dish

3 medium onions, chopped; 3 medium green peppers, chopped; 1-3 cup 8.

butter, 6 medium tomatoes, diced, 1½ cups Cut Cooked Corn, 1 teaspoon salt, 1-8 teaspoon pepper, 1 tablespoon chopped parsley.

Cook onions and peppers in butter 5 minutes. Add tomatoes and corn and cook 10 minutes longer, but do not brown. Season with salt and pepper and sprinkle with parsley. Serves 6 to 8.

Playing safe with TEXTILES

The supply of textiles is not adequate to the demand.

Fox six years, most of the world output has gone to war.

Victory has not improved the situation.

There will not be enough textiles in Canada for many months to come.

HERE ARE SOME OF THE REASONS

Canada depends largely on other sources for raw materials and for some yarns and fabrics.

A serious manpower shortage still confronts the textile industry of all Allied countries.

Shortages overseas must be met. It will take months before production is resumed in Europe.

Substantial quantities of all kinds of textiles are still required by occupational forces.

Domestic demand for textiles increased sharply during the war. It is still going up.

Civilian clothing needs of returning servicemen and women are swelling the demand here at home.

CONSERVATION IS THE KEYNOTE

This year, production directives have again been issued to the textiles industry.

They are intended to divert output to more essential goods.

But directives alone cannot cure a situation arising from world conditions.

The answer lies in conservation. More than ever; the need is to conserve, to take care of what there is, to mend, make-over and make-do.

NEWS FOR THE BUSY FARMER

PLACE ORDERS FOR FERTILIZER NOW

At a recent meeting of the fertilizer manufacturers supplying Ontario's needs, it was evident that the manufacturers are again facing an acute shortage of labour, and considerable concern was expressed as to whether deliveries could be made in time for fall use. In the fall season, particularly, farmers take delivery of their fertilizers over a very short period. This usually constitutes a very serious handicap in giving the farmers the service which the fertilizer manufacturers would like to provide.

It would alleviate the situation very materially if all farmers who are in a position to do so would order and take delivery of their fertilizers without delay, or inconvenience to the farmers is bound to occur, and it is at least possible that some farmers might not be able to secure their fertilizers in time for use.

EFFECT OF LEAVING MILK ON DOORSTEP

Householders who allow bottled milk on doorsteps or apartment passages to be exposed to direct sunshine get less for their money, according to recent research reports. Tests

showed that bottled milk exposed to late morning sun for an hour lost 26 to 36 per cent of its riboflavin. In two hours, over half the riboflavin content was lost. Riboflavin is one of the essential B complex vitamins. Prolonged deficiency of this necessary food element may result in eye disorders and organic damage. As so often happens under present regulations milk is delivered after all members of a household have gone to work, and remains exposed for a long time. Under these circumstances, it is a good plan to have a covered box into which the milkman could place the bottles.

HON. J. G. GARDINER GOVT PROPOSALS FOR AGRICULTURE

At the Dominion-Provincial Conference on Reconstruction which met in the House of Commons on Aug. 6, 1945, Hon. J. G. Gardiner, Dominion Minister of Agriculture gave a comprehensive review of the proposals of the Government of Canada in relation to agriculture. Stressing cooperation with the provincial governments, the proposals embraced, among other things, the questions of providing a greater degree of stability in farm income, a greater measure of security than had prevailed in the

past, the prevention of violent fluctuations in the farm price level, the expansion of the services of the Department of Agriculture to promote productive efficiency and to improve the opportunities and living standards of the farming population, the consideration of the agricultural marketing field, particularly in regard to the two aspects of the regulation of movement and sale, on the one hand, and the grading and inspection of products, on the other, in the clarification of control and direction of activities.

In the matter of conservation, it was proposed that the Dominion and Provincial Governments work out appropriate arrangements for the extension of agricultural conservation and development activities throughout the Dominion, the fundamental principle being observed of assisting farmers to solve their own problems, governments standing ready to provide such advisory services (agronomic, engineering and such like) as are not available to the average farmer, and to aid in the organization of community efforts.

"No industry", said Mr. Gardiner, "has made a greater contribution to the Canadian war effort than agriculture. This achievement has left problems of conversion to peacetime conditions comparable to those of manufacturing industry. Many branches of agriculture were greatly expanded in response to war needs, and overall productions increased to levels far exceeding those of the past. This accomplishment drew heavily upon agricultural resources, resulting in heavy depreciation of machinery and equipment and great strain on the depleted farm population. The Dominion Government feels it has a responsibility to assist the industry in making the necessary readjustments to peacetime circumstances and to work with the provincial governments to provide for a greater degree of stability in farm income and a greater measure of security than has prevailed in the past."

EXPORTS STOPPED OF ALL BARLEY

After reviewing the estimated production figures of the 1945 barley crop and the carryover from the 1944 crop, it is considered essential that in order to protect the agricultural live-stock program, the entire crop be held for

Canadian consumption, says the Food Administrator of the Agricultural Supplies Board and the Wartime Prices and Trade Board.

Consequently, no further export permits will be granted for barley, whole, ground or processed.

FULL SUPPORT OF MEAT RATIONING WILL HELP PREVENT STARVATION IN EUROPE

Unless the Canadian people give whole hearted support to the reduction in their present meat consumption as required under the coming meat rationing plan announced July 6th by Prime Minister Mackenzie King, and unless Canadian cattle are marketed in an orderly manner, Canada will not be doing her full share in preventing starvation in Europe.

This warning was given in a press release issued jointly on August 22nd by the Dominion Department of Agriculture and the Wartime Prices and Trade Board.

Even if farmers market their less desirable and off-grade cattle earlier than usual, Canada will not be able to achieve her current undertaking through the Combined Food Board in supplying meat to the United Kingdom and the liberated countries of Europe, said Dr. G. S. H. Barton, deputy minister of agriculture and Canada's deputy member of the Combined Food Board.

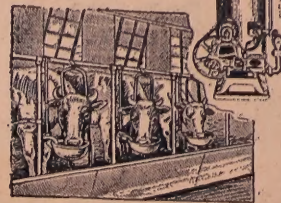

Live-stock slaughter control regulations now in effect are absolutely essential if equitable distribution of domestic supplies is to be achieved and if the highest possible volume of meat for overseas shipment is to be provided, said F. S. Grisdale, administrator of meat and meat products for the Prices Board.

Allow No House To Stay Vacant

Extension of emergency shelter regulations to all Canada gives shelter administrators throughout the Dominion wide powers to provide housing for those who need it.

No house in the Dominion will be allowed to remain vacant if it is needed by anyone. The administrators will have the power to force a landlord to rent or sell immediately any vacant house he may own. If the landlord refuses to sell the house or to

Hello, Homemakers! Mothers are busy getting the children's clothes ready for school—mending, letting out and pressing. Youngsters always seem to "stretch up" so during the summer!

This year more mothers than ever before will be making alterations on the children's clothes as well as their own. It is economical and it is wise. For instance you can:

- (1) Mend frayed edges of sleeves and make the jacket stylish too, by using bias strips of a contrasting material to pipe each sleeve.
- (2) Use any suitable remnants to line pockets or hand bags. Stitch the edges of skirt pleats to strengthen the material.
- (3) Hand stitch the edges of jacket opening if the garment has lost its press.
- (4) Sew a "turned" edge on a hem which is not deep enough to let down.
- (5) Make side fasteners. Strips of hooks and eyes for repairing corselettes are available and you could clip off a section and stitch in the tab upon which the hooks and eyes are fastened.

Nearly every child is eager to help and now while mother is busy, young daughters may take over in the kitchen. With the encouragement of mother's praise, she will go a long way towards becoming an excellent cook. Simple dishes and guidance in the use of electrical appliances will make meal-getting easy for her.

You might give your daughter this menu to prepare on your sewing day.

Raw peaches, wheat porridge with milk, toast and honey, coffee. Scalloped meat, mashed pota-

toes and corn-on-the-cob, baked custard and tea.

Devilled eggs, potato salad, sliced tomatoes, applesauce, cookies and milk.

POINTS IN OPERATING AN ELECTRIC SEWING MACHINE

1. Clean and oil the electric machine after each garment is made.
2. Use pure sewing machine oil—other oils gum. Use a small quantity.
3. Thread, needle and fabric must correspond for perfect workmanship. For the average family sewing, Nos. 60 to 90 thread is used and No. 1 needle for machine.
4. Purchase needles where sewing machine was bought. Place the needle in needle bar with flat side toward wheel. Fasten needle clamp securely with screw driver.
5. Always use the same thread in bobbin in as on top of machine. Buy the best thread and that which corresponds to fabric—rayon on rayon only.
6. Replace bobbin firmly and correctly.
7. Never force the sewing machine to sew when it refuses once. Remove the shuttle and take out any lint or broken thread.
8. Many new electric machines are equipped with a forward and reverse stitch regulator which fastens ends securely. Reverse stitching must be 1-16 inch from the first line of stitching.

ANSWERS TO QUESTIONS ON SEWING MACHINES

1. If thick fabrics draw or pucker—tension is too tight, or stitch is too small.

2. If upper thread breaks constantly, look for one of these reasons: (1) Needle not set properly; (2) Machine not threaded correctly; (3) Upper tension too tight; (4) Thread uneven and needle too small; (5) A sharp needle eye.
3. If the under thread constantly breaks, the cause may be: (1) Bobbin case improperly threaded; (2) Too tight tension; (3) Bobbin too full of thread.
4. If the needle breaks, the cause may be: (1) The fabric has been pulled forward instead of backward; (2) The needle may not be raised high enough; (3) Bulky seams, which should be sewn only if you use a bar cap.

MOMENTOUS MEETING

Starting with the opening of the new session of Parliament in September, advance reports hint that it will be one of the most momentous meetings in the whole story of this nation since the legislators realize that their responsibilities are very heavy. These responsibilities are very heavy not merely on account of the fact that the newly elected Parliament is expected to provide a beginning, at least, of the reward for the great costs of World War II and countless cost in blood of Canadian sacrifices for a betterment of the average person's life in the "new era" but also on account of the inevitable growth of Canada as a nation in its postwar status. In fact, there have been several hints heard backstage in Ottawa lately about developments likely to come

soon indicative of a growing desire to emphasize in no uncertain manner Canada's status as a nation and these have awaited the end of the war for proper expression. Then again, this may be seen in the prompt and proper approval of Canada's acceptance of the United Nations charter as well as monetary proposals for the purposes of aiding world security and financial stability through such a favourable action by Canada's legislators, though it is quite possible that opposition to the charter may come from some independent members and objection to the economic proposals of Bretton Woods may arise from other members. However, though the world security charter or the International financial arrangements may not be perfect, yet Canada is most likely to show her stature as a "middle power" or growth as a nation by rapid approval of both historic documents, with the Canadian legislators bound to give this practical demonstration of their willingness to share in doing everything possible for peace and world security like all other fifty United Nations, notably the United States where these documents received unanimous approval.

More Money for M. P.

It appears now that Members of Parliament may possibly get a greater remuneration for their work in the session through some relief in taxation of their \$4,000 sessional indemnity since such a story has been circulating on Parliament Hill where it is recalled that over a year ago, when complaints were made about the small amount left for the M.P., after paying his expenses, suggestions were dropped that action in this matter may be forthcoming after the general election. With the general election passed, action is now expected in the new session. As far back as June 26, 1920, Members of Parliament had won their demand for a \$4,000 indemnity, an increase of \$1500, when Premier Borden had also revealed that Cabinet Ministers would get \$10,000 instead of \$7,000, and the Prime Minister \$15,000 instead of \$12,000. Since that time there has been a persistent demand for greater payment for the M. P.

Large Percentage

Aside from all other considerations, there can be no doubt that the ex-services man or woman will get a "square deal" in the new session of Parliament, judging by proportion of members who comprise the new Parliament and who had seen active service themselves in World War I or II. Indeed, about 29 per cent of the members are war veterans themselves and these number about seventy, including all ranks from major-generals to privates and winners of the Victoria Cross as well as other high decorations, with the Liberals having 27 war veterans, Progressive-Conservatives having 35, and C.C.F., 8 ex-servicemen within their own ranks.

Peace and Plenty—of Costs

There are widespread reports circulating across this country that the officials in Ottawa will have large tax reductions to mark the new postwar budget by every inquiry in usually well-informed quarters in this capital seems to stress strongly that, though it may be the first postwar budget and no such government policy can be given in advance, yet is a relative certainty that the costs of rehabilitation and demobilization, adding social security measures, will not allow any great tax reduction in any direction, with whatever decrease being granted now aiming only to remove obstacles for expansion of private business and for providing chances of employment in general, especially excess profit taxes and corporation income tax, together with any other form of taxation, which may stand in the way of stimulating business expansion. Then again, it is estimated that social security measures may cost as much as \$600,000,000, including unemployment insurance, \$20,000,000, Health grants, \$163,000,000, old age pensions, \$218,000,000, and family allowances or "baby bonus", \$200,000,000. Consequently, any expectations of substantial relief in ordinary taxation in the first postwar budget may receive a sharp setback in the coming session since it appears that only obstacles to business expansion may be affected mainly.

Labor and Crisis

In this period of crisis as Canada's economy is being changed from wartime to peacetime status, all sorts of representations are being made to key Ministers of the Federal Government in Ottawa where one of the most impressive delegations has been that representative of Organized Labor which asked for several points and which received replies from the Government suggestive of what may be expected. These representations of Organized Labor, amongst other things, recommended that the same pay with less work should be forthcoming for workers, that wage control measures were in sad need of revision, that P.C. 1003 should be overhauled to make a general betterment

"Here comes our cheque Mummy!"

All over Canada, in cities, towns, villages and on farms, hundreds of thousands of men and women watch for the postman to bring dependents' allowance cheques as other people look for pay-day. They are people of all ages whose breadwinners are away on active service. They include returned men not yet back in civil life;

And soon there will be hundreds of thousands more back from the war. They will receive cheques to help them buy civilian clothes, to go to college, to get technical or vocational training, to start in business for themselves, or to set up as farmers or fishermen;

The banks have to be prepared to cash all official cheques for these and a dozen other purposes—and to do so anywhere in Canada without charge. In fact, the banks supply Canada with the nationwide machinery to facilitate a grateful country's plans for restoring service men and women to civilian life.

This is a tremendous task. It will entail a vast amount of bookkeeping. But you can be sure that your banks will take it in their stride without impairing regular banking service;

of the Dominion Labor Code, and that there should be a speed-up in reconversion of all war plants suitable for peacetime programmes as well as the immediate start of necessary public works. In short, the key Ministers of the Federal Government, including the Ministers of Finance, Labor, and Reconstruction, together with the Prime Minister, though giving an extremely sympathetic ear to the pleas, yet it was clear, from their reactions, that the Federal Government cannot assure labor of the same pay with less work, nor of less taxes with more social securities, even if at the moment there was evidence that there was plenty of employment in Canada.

MOLLY'S SON

BY HARRY M. MOORE

A Story of Harness Horse Racing in the Early 1900's
(All Rights Reserved)

CHAPTER X

Benny Bannerman collected one hundred and eighty dollars for the two races Molly's Son had won that summer and fall. In addition, Bill Moran handed him fifty dollars, half of a bet he had made, on the little black stallion to win the second race.

Against that two hundred and thirty dollars he had on hand, Benny knew there were many bills to pay. There was Horse McKenny for feed, pasturage, stabling, as well as services as trainer. There was Doc Brisco, too, for professional attention to the dam and colt. And there was his boss, T. B. Telfer, for services of Grand Boy, shoeing, and one thing and another.

"Surely that will take a lot of money," Benny told himself. "Could be more than I've got."

But Benny was to get a pleasant surprise.

Horse McKenny just laughed. "You'll get over this," he said. "You don't owe me a red cent in any way. That colt of yours didn't eat enough of my hay to amount to a hill o' beans. And as for helping you, that's nothing. It was no more than I would do for any boy who will some day be taking my place in the racing game. And if we old drivers don't do something right soon to help these same boys, where are we going to get our drivers for the future?"

"Go 'long with you," grinned Doc Brisco when Benny dropped into his quarters in the Big Barn. "What would I be charging you for? But I still say he's got the worst set of legs I ever saw on a colt."

Benny purposely left his employer to the very last. He had figured out that if he ran short of money by the time he got back to the blacksmith shop it would be easier to stave off T. B. than either of the other men.

"Let's see," T. B. began thoughtfully, weighing every word. "You say you owe me for the service of Grand Boy. As Grand Boy never cost me so much as a nickel, we will just wipe that item off the list. Next, you think I should charge you for the time and materials that went into fixing your pony's foot and to see that he was properly shod and weighted all the way 'round. Well, they do say that the devil is worthy of his hire, but as I am no devil.... at least not yet.... and no one hired me to do anything, there can be no charge there. Now we come to the matter of bike and harness and other equipment. As none of this stuff is my property and the harness and bike are only mine for the matter of the time I put in repairing them, and they were just gathering dust until a fellow like you came along to use them, well, it would appear there's nothing on the books of T. B. Telfer against you."

"But I must owe somebody.... I must owe the Holmes Estate for feed and stabling at the Big Barn."

"What in the world gave you that idea?"

"All the other horsemen pay for their feed."

"Sure they do," T. B. agreed. "But they don't pay for stabling. That's free, absolutely free to any horseman who will leave the stalls as he found them. In your case, Benny, it is one on the house. Can't you see, if your horse proves a good drawing card for the speedway, you are entitled to more than the estate can give you."

At home that night Benny sat down to the happy realization that he not only had the best colt in the country, but he had it from every man he thought he owed money to that he did not owe a red cent, and he had two hundred and thirty dollars in the Holmesville Bank! Now, what to do? What other worlds to conquer?

A letter reached Benny the next day which showed him the new worlds to conquer, only this wasn't a new world, but one that he was getting well ac-

quainted with.

Insofar as Molly's Son was concerned, the racing season appeared to have ended with his winning the green race at the fall meet. There would be nothing for him now until spring but a little jogging every fit day just to keep him in training for the races the following July. For there would be a slow race on the July card and Molly's Son was still eligible.

But that letter upset Benny's routine. The letter came from William Pender of the nearby city, owner of the black stallion Midnight, and it said that the writer was not satisfied that Molly's Son was the better and he challenged Benny to a matched race on the Holmesville Speedway for any sum of money, any day but Sunday, winner take all.

Benny read that letter to T. B. Telfer and stood silently waiting for the blacksmith's answer. T. B. thought for a long minute before he spoke.

"There are several things to consider before you do anything about this," the blacksmith said. "If you go ahead with this matched race you stand a chance of giving your colt a mark that will take him into a faster class. On the other hand, if you don't meet the challenge, Pender will say you're yellow.... and yellow is a nasty word when it comes to horse racing."

"But all I have is two hundred and thirty dollars," Benny lamented, "and that wouldn't be worth racing for."

"There's lots of money around Holmesville, Benny, to back your horse," T. B. asserted. "You don't have to risk one cent of your stake. I'm not a betting man, but by gad, I've a hundred to say that Midnight can't beat Molly's Son anywhere, anytime. And I'm going to hit up Doc Brisco and Bill Moran and Horse McKenny, and we're going to see just how much money this man Pender is willing to gamble that he owns the better colt."

The blacksmith had no difficulty securing five hundred dollars. He said afterward that it would have been just as easy to raise one thousand. And he told Benny to write to Pender and tell him that he was willing to put up five hundred dollars even money for a matched race, winner to take all, best of three heats, and setting the date as October 15.

It was never learned what side-tracked William Pender's ambitions at the time, for Benny was to receive a note from him a few days later saying that he was not prepared to bet more than two hundred and fifty dollars on a one mile heat.

Doc Brisco, Horse McKenny, Bill Moran and T. B. Telfer were having a confab in the blacksmith shop when Benny read Pender's second letter to them.

"The craw-fisher!" Horse McKenny snorted. "He was always like that. Remember one time in Indianapolis, he was driving a little mare called Hasty Lass and when I beat him with that old grey I had, he followed me into the stables and demanded a matched race. I had money in them days so I just jerked out my roll, and he quit cold."

"One heat doesn't strike me as any 'Wouldn't be worth going across the street to see."

"Write and tell the son of a pistol, Benny, that you'll race him for nothing and pay for his feed," Bill Moran said hotly. "It's just guys like that that gives horse racing a bad name."

Up to now the blacksmith had not said a word, but the others could see he was thinking hard. At last he grinned.

"It's plenty evident this city fellow has gone out and got himself a nice pair of cold feet," he said. It seems to me that he started this thing; he made the challenge, he talked big into the bargain. He was told how much we had to gamble on this little horse, and when he learned we were not a bunch of pikers, he just quit cold, like Horse said. Now he's on

the spot. He either puts up and races on our terms or he shuts up and that's the end of him. I'd say just leave him alone. And I'd write and tell him that it's five hundred or nothing, best of three, mile heats, October 15, take it or leave it."

"Then there won't be any horse race," Horse asserted.

But that was one time Horse McKenny was wrong. Benny wrote Pender and the next day the horseman arrived in the village to bind the bargain.

Before race day, T. B. Telfer was notified by the secretary of the racing association that the official timer would not be available for this particular race and since he was the managing trustee of the estate controlling the speedway he would have to act.

And the race was run off and T. B. was the official timer and Molly's Son beat Midnight in two straight heats. Pender's five hundred dollars were promptly handed to the youth, and there was a broad hint that any time money was required for anything having to do with the little black stallion

it would be available. Nor was that all. Molly's Son came out of that race, just as T. B. had feared, with a record, a mark of 2.18 set in the second heat, and that made him forever ineligible for the slow classes.

In future, Molly's Son would have to compete against veteran race horses with old, experienced drivers behind them.

OTTAWA WEEK BY WEEK

(continued from page six)

there was a loud and insistent demand for more and more housing, yet there was an increasingly acute shortage of building materials, with the complaint that there was far too much exporting of building materials from Canada at a time when it was obvious that a serious building shortage existed in this country. "I understand 80 percent of our building materials are being shipped to the Old Country and there isn't enough left here to build homes for discharged men returning from overseas," stated one representative at this meeting in an amazing statement. Moreover, it was indicated that stocks of lumber, crushed stone, cement, brick, cement and cinder blocks were getting very low.

Seek Entry Into Canada

Though last year, 1944, total immigration into this country reached the point where only 9,940 entered Canada for the whole twelve months, yet a report in Ottawa has shown that no less than 13,718 immigrants have come to this land during the first half of 1945, disclosing the fact that many

Your Support IS VITAL TO RATIONING Mr. and Mrs. Farmer

With other groups, you play a part so that everyone gets a fair share

The FARMER

Under the rationing regulations, you are asked to collect and turn in the coupons you acquire against the use and sale of butter and, when meat rationing is introduced again, of meat; and the coupons you get from the sale of honey and rationed maple products. So that you may buy other meats from your butcher, no more than one-half of the valid coupons in your ration book and in those of your household need be surrendered. To make it easy to send in coupons, you are provided with RB-61 envelopes which should be forwarded once a month to your Local Ration Board. No postage is required.

The RETAILER

The retailer also plays a part. He must obtain coupons or other valid ration documents against every sale he makes of rationed foods—butter, sugar, preserves and, when meat rationing becomes effective again, meat. Otherwise, he cannot replenish his stocks. He must paste all coupons on gummed sheets and endorse each sheet with his name and address. If his monthly food sales total \$2,500 or more, he is required to operate a ration coupon bank account. He must also give valid ration documents or a ration cheque to his supplier for every purchase he makes of a rationed food.

The HOUSEWIFE

The housewife, too, has rationing work to do. She must know the validity and expiry dates of butter, sugar, preserves and, later, meat coupons so that she can make supplies of these foods last. She must know the coupon values of all rationed preserves and meats. She has to understand the sugar alternative of the preserves coupon in order to do as much home canning as possible and still have coupons for honey, syrups and other preserves. She must guard family ration books carefully and give up coupons for every purchase she makes of a rationed food.

Current Events in District

The farmers in this locality observed the Labor Day holiday in the usual way, and that is working on their farms. The past few weeks have been extra busy. The stock threshing has been delayed by heavy dews in the morning and the grain was made much more difficult to handle by

lodging. Messrs. Goldie McInroy, Elmer Wilson and Nelson Stapley, the local threshers in this district, have been kept busy, and were hard pressed at times to keep the farmers in good humor.

Many of the farmers have had to work so hard that they have become somewhat discouraged, and as a result numerous farms in this locality are being offered for sale. Already a

number of real estate deals have been transacted.

Mr. Irvin Maloy has purchased Mr. Clarence Dufee's farm, and Mr. Dufee is taking up residence in Foxboro. Mr. Earl McMaster has decided to leave the farming profession and purchased the store and dwelling of the late William Clement, of Ivanhoe.

All the schools in the district reopened on Tuesday with the exception of Ivanhoe Public School. Many improvements are being added to this school building, which will not be completed until next week.

A large number of the young people commenced their high school training on Tuesday. Some are attending Belleville Collegiate and Vocational School; some the Madoc High School, and others at Stirling High School.

Personals

Rev. J. R. Holden, of Springbrook, conducted the service in the United Church here, on August 26th, in the absence of Mr. Kenneth Stewart, who was conducting Anniversary Services in Stanwood United Church.

Miss Marjorie Wright spent a Pleasant holiday with Mr. and Mrs. Raymond Baker, of Kingston.

Mr. Borden Lee, of Belleville, was a week-end guest of Mr. Alex McCurdy.

Miss Margaret Wright spent a few days recently with Petty Officer and Mrs. John Wright, of Toronto.

Mr. and Mrs. Walter Smith, of Niagara Falls, were Holiday guests of Mr. and Mrs. J. C. Sills.

Mr. and Mrs. E. Kayfaw and Marlene, of Rochester, were Sunday guests of Mr. and Mrs. Clayton Wright and Mr. and Mrs. Howard Cooke.

Miss Jessie Stewart, of Actionville and Miss Audrey Stewart, of Belleville, have been visiting at the Pastorium.

Mrs. Peter Farney spent a few days recently with Mrs. Jim Ray, of Sidney.

Mr. and Mrs. Joe Hollinger, of Foxboro, and Lieut. Flying Officer Earl Hollinger, recently returned from overseas, were Sunday guests of Mr. and Mrs. H. R. Burke.

Mrs. J. R. Stewart, Mrs. Frank Hammond and Mr. Kenneth Stewart, were guests of Mr. and Mrs. Gil Thompson for dinner at Moira, on Thursday.

Mr. and Mrs. William Fitchett and Marilyn and Miss Bessie Hollinger, were Sunday guests of Mr. and Mrs. Orley Parks, of Shannonsville.

Mrs. Geo. Simmons, of Toronto, and Mrs. Robert Christie, of Stirling, were tea hour guests on Sunday of Mr. and Mrs. Tom Emerson.

The Standard Church camp meeting closed on Sunday evening. The meetings were well attended for entire ten days, and on Sunday the closing day extra large crowds attended and heard the old-fashioned gospel preached.

ed by the leading ministers of the church, including the president, Rev. M. Thompson, of Brockville. The singing by the male quartette was much appreciated.

MENIE

School re-opened on Tuesday morning with Mrs. Jean Haig again as teacher. Mary Ann and Billie Gibson are newcomers.

L.A.C. Mason Twigg arrived back to Toronto last week. We wish him a great big welcome back to Menie when he arrives here.

Several from here attended the wedding of Frank Towns and Carolyn Archer, at St. Andrew's Presbyterian Church at Campbellford, on Monday afternoon. Miss Archer is a granddaughter of Mrs. David Wallace.

Miss Jean Rennie spent last week with her cousin, Miss Marilyn Thompson at Campbellford.

Deepest sympathy is extended to the sorrowing brothers and sisters of the late Mrs. McConnell, of Brighton, who passed away last week.

We wish our local girl, Miss Joyce Spencer the best of luck in her endeavour to become Miss Campbellford in the CHEX contest in the popularity contest.

Mr. and Mrs. Thos. McCrory, of Ridge Road, Stirling, spent Sunday with Mr. and Mrs. Wm. McCrory.

Mr. Bert Hay accompanied by his sister, Mrs. Garnet Grills and Mr. and Mrs. Fred Smith of English Line are spending a month in the north west.

GIVEN FAREWELL

A farewell party was tendered Mr. and Mrs. Carman Fitchett at their home by the community on August 15th, prior for their departure for Stirling to reside. Mr. Jack Morrison acted as master of ceremonies during the evening, and the presentation of a coffee table and an occasional chair was made by Messrs. Chas. Vance, W. Drewry and Clarence McGee. The accompanying address was read by Mrs. Eva McGee. Community singing was led by Mrs. H. Rodgers, with Mrs. K. Broadworth at the piano. The evening was spent in games and dancing, following which lunch was served.

Canada has suffered 103,409 casualties in the armed forces, including 38,718 dead and 2,365 missing from the outbreak of war in September, 1939, to June 30, 1945.

SUCCESSFUL DANCE

The dance held in the Stirling Community Hall, on Tuesday evening, Aug. 28th, sponsored by the Women's Institute turned out to be a monster affair. Over 200 were present to enjoy the good old strains of music, both old time and modern, rendered by The Trent Valley Ramblers, under the pleasing management of Jack McCaughen. The crowd consisted of dancers from Belleville, Frankford, Marmora and Stirling. A lovely lunch and coffee was served shortly after midnight and each and everyone enjoyed a grand time.

HASTY PEES UNIT TO ARRIVE SOON
The Hastings and Prince Edward Regiment, crack infantry unit of the famous First Canadian Division, is expected to arrive in Canada within the next few weeks, it has been learned. The regiment is now believed to be in England on the first step on its homeward journey from Holland.

Tentative suggestions call for parades through Picton, Trenton and Belleville, with dinner in Trenton and a supper served in Belleville. Other suggestions call for parades through Marmora and Madoc.

Challenge Trophy For Bowling Club

R. A. Patterson Donates A Trophy For Doubles Competition Among Members

With a view to fostering competition among the members of the Stirling Bowling Club, Mr. R. A. Patterson has donated a challenge trophy for yearly competition, in doubles among members of the local club.

The rules governing competition for the "Patterson Challenge Trophy" as laid down by the donor are as follows:

1. Cup becomes the property of the Club for yearly competition in the club.
2. Neither visitors nor members of other clubs are eligible.
3. The defending team must be the same players who won the cup last, but challenging teams may be composed of any two members of the club.
4. Defending team has the choice of any available greens not in play.
5. Challengers pay the Treasurer 25 cents each.
6. All games 1945 to be 15 ends. All ends open.
7. Defenders must accept first challenge within 6 days in doubles whether Men's, Mixed or Ladies.
8. Defenders must play at least 1 game a week if challenged or forfeit the cup to the challenger.

First Game

In the first game in the competition played Monday night, Messrs. T. W. Solmes and R. E. Fox, (challengers) defeated Dr. E. A. Carleton and R. A. Patterson by a score of 20-6.

Given Farewell Party

A farewell party was tendered Mrs. W. H. Cooke and Harry, at their home on September 7th, prior to their departure for Stirling to reside. The Rev. C. C. Brazil acted as master of ceremonies during the evening. The presentation of a electric lamp and some pieces of aluminum were made to Mrs. Cooke and to Harry a smoking outfit and a bed lamp by Mrs. R. E. Gould and Mrs. John Bateman. Mrs. Ray Shortt read the address. Community singing was led by Mrs. H. Rodgers, following which lunch was served and a social hour enjoyed.

Bowling Notes

MIXED TREBLES TOURNAMENT

Ten rinks participated in the twilight mixed trebles tournament at the local greens on Friday evening last. Three eight-end games were played with a rink skipped by Dr. E. A. Carleton, winning three games and high honours. Other members of the rink were Howard Ashley and Mrs. Nina Morton. Second prize was won by Mrs. A. Stinson, A. Brooks and R. E. Fox, skip, with two wins and a score of 31, while Mrs. Whitty's rink was high for one win with a score of 23. Other members of the rink were Mrs. P. W. Long and Mrs. Geo. Legrow.

AT PETERBORO

Mr. and Mrs. W. T. Elliott, Mrs. F. Jackman, Thos. W. Solmes and Mr. and Mrs. R. Hermiston attended the mixed doubles tournament held in Peterborough yesterday.

Stirling Bowling Club was represented by two rinks at the annual mixed rinks tournament held at Madoc yesterday. Those attending were Mrs. W. J. Whitty, Mrs. Nora Westcott, A. Brooks and Dr. P. V. Helwell, and Mr. and Mrs. A. Stinson, Mrs. E. Fox and Dr. E. A. Carleton.

Three rinks of Stirling lady bowlers are attending the trebles tournament in Belleville this afternoon. Those attending are Mesdames A. Stinson, R. A. Patterson, W. T. Elliott, R. E. Fox, F. Elgie, F. Jackman, Geo. Legrow, N. Morton and W. J. Whitty.

Donations from private service clubs and organizations in Canada to the United Kingdom totalled \$15,742.49 for the two years 1942 and 1943 alone.

Prisoner Of Japs Now Safe

Mrs. J. Wellman, of Bonarlaw, received the following cable dated Sept. 12th, from Guam from her son, Rylan David Wellman.

The Bonarlaw and West Huntingdon Girls' Garden Brigades will hold their Achievement Day at the local Agricultural office on Friday afternoon, Sept. 14th, at 4.15 o'clock. Mrs. Geo. Williams is the leader of the Bonarlaw Brigade while Mrs. Clayton Wright and Mrs. Harold Thompson are joint leaders of the West Huntingdon group. H. L. Fair, Agricultural Representative, will judge the various exhibits.

Arrive Home

Among those from this district returning home from overseas this past week were Pte. Stanley F. Ray, son of Mr. and Mrs. Wesley Ray, Springbrook; Pte. Chas. W. Faires, son of Mr. and Mrs. Chas. Faires, Stirling; Lieut. Harry Bateman, of Springbrook; Gnr. E. J. Galloway, Springbrook; Cnr. J. G. McFarland, of Stirling; Pte. R. E. Langley, Bonarlaw, and Cpl. Carman Osborne, Stirling.

Pte. Ray enlisted with the Hastings and Prince Edward Regiment and spent five years and three months overseas. For four years he was a member of the Canadian Provost Corps. He was married overseas and expects his wife and two children to arrive shortly. After spending a 30-day leave with his parents he will report to Kingston.

Harvest Festival At St. John's

On Sunday, Sept. 9th, Harvest Thanksgiving Services were conducted in St. John's Church. There was a celebration of Holy Communion at 8 a.m. and at 7.30 p.m. the Harvest Service. The Rector conducted the services and in the evening preached on the text "Whatsoever a man soweth that shall he also reap". The services were well attended and the choir under the direction of Mrs. Alger, rendered music suitable for the Harvest. Mr. Fred Houchin read the lesson. The Church was beautifully decorated and a lovely bouquet of roses adorned the Altar.

At 2.30 p.m. Harvest Festival was observed at St. Thomas' Church, Rawdon. The Church was well filled for the occasion. The Rev. C. C. Brazil conducted the service.

Altar Guild Organized
On Tuesday evening, at the Rectory, an Altar Guild was organized. Mrs. Alger was elected President. There are twenty four ladies in this Guild. Two ladies will be on duty for the Sundays in each month and for special services. Their duties will include placing flowers on the Altar, looking after the linens and preparing the Altar for Holy Communion. The ladies are expected to make their preparations on Saturday afternoon.

Leaves Bank To Manage Newspaper

An item of interest to many of the residents in Stirling and district is the announcement that Gerald C. Craven, for 22 years an employee of the Royal Bank, has severed his connection with that institution to become business manager of "The Dominion," a weekly newspaper published in Ridgeway, Ont. Mr. Craven came to Stirling as accountant in the local branch of the Royal Bank in 1931 and remained here until December, 1934, when the local branch was closed.

He was a very popular young man in the village and has many friends throughout the district, with whom the News-Argus joins in wishing him success in his new venture.

On Saturday afternoon, August 18th, after banking hours the staff of the Ridgeway branch of Royal Bank presented "Jerry" with a table lamp with cut glass and marble base.

Institute For The Blind Appeals For Funds To Carry On Work

Canvas of Village To Be Made Next Week — Tag Day, Saturday, Sept. 22nd

There are 13,133 blind men, women and children in Canada. In Ontario there are 4,073. In a recent statement Lieut.-Col. E. A. Baker, Managing Director of The Canadian National Institute for the Blind gave these figures and pointed out that the business of providing many different types of service for such a large number required a great deal of organization and a considerable sum of money.

When asked what these blind Canadians did and how the Institute helped them, Colonel Baker stated that 1,242 of them were regularly employed in the factories and offices of the Institute, in jobs found for them by the Institute's placement officers in private industry, and in concession stands and cafeterias operated by the C.N.I.B. He went on to say that, in the larger centres at least, practically all blind men and women capable of regular employment were working. There were, however, he said, a great many blind men and women not fitted for regular work and large numbers of these were put in a position to do part-time work either in their own homes or in one of the Institute's plants.

Colonel Baker declared that the public sometimes seemed to think that The Canadian National Institute for the Blind was only interested in finding employment for blind people. That was, of course, he said, one of the most important features of the Institute's work, but there were thousands of blind people in the country who needed other services and the provision of these was by no means the least of the Institute's activities. He told of the case of an elderly lady in a small Ontario town. The lady was too old to work. She had some means. She was active in mind and body and was looking forward to a very sad and

Winner of Cooke Scholarship

Miss Margaret Davis, of Greenview, Ont., was the winner of the Hon. J. R. Cooke Scholarship at the Stirling High School this year, according to an announcement made by Mr. J. L. Good, principal. The scholarship valued at \$50, goes to the pupil of the local school with the highest aggregate marks on 8 Upper School papers. Miss Davis' many friends join in extending congratulations.

INDUCTED INTO TWEED CHARGE

A large and representative gathering of the Tweed pastoral charge met on Friday evening, Sept. 7th at the induction of their minister, Rev. A. L. Sisco. The following ministerial members of Belleville Presbytery were present, Rev. A. Poulter, Madoc; Rev. J. A. Dilis, Belleville; Rev. J. R. Trumppour, Cannifton.

uninteresting life when first called upon by an Institute representative. Now she is reading Braille, listening to the Talking Book, weaving, knitting, doing her own housework, taking piano lessons—leading a happy and useful life. Though blind, she is, through the opportunities brought to her by the C.N.I.B., taking her place in her little town.

It was the aim of the Institute, said Colonel Baker, to bring to every blind person every type of service and give them every kind of assistance, which would compensate them, in some small degree, for the sight they had lost. In some cases it was simply a question of giving them a few necessary comforts. In others it was a case of teaching them, training them, reviving them. "The word 'rehabilitation' is somewhat overdone these days," said the Colonel, "but we have scored many fine successes in actually rehabilitating blind people, and there is no limit to what we can do for the blind of Canada if the necessary funds are placed in our hands."

The citizens of Stirling now have an opportunity of sharing in the Institute's programme of service to the blind and the prevention of blindness in this district. This appeal is being made in conjunction with a county-wide appeal for funds being carried on under the Hastings County Advisory Board, of which Mr. A. D. Archibald, of Belleville is the Chairman, Mr. C. L. Jewell, Manager of the Can. Bank of Commerce, Belleville, the Campaign Treasurer, and Mrs. F. Houchin, Stirling, the 3rd Vice-Chairman. Only one appeal is made each year. This is an important humanitarian effort, and deserves whole-hearted support.

McIntosh-Walt Nuptials

A pretty wedding of much interest took place at Stockdale United Church on Sept. 5th, at 2.30 when Madeline Walt, second daughter of Mr. and Mrs. Arthur F. Walt, R.R. No. 1, Frankford, became the bride of Donald Alexander McIntosh, eldest son of Mr. and Mrs. Sheldon McIntosh, Stirling. Rev. H. H. Lackey officiated. The church was beautifully decorated with gladioli, asters, and dahlias. Mrs. Leslie Frost played the wedding music.

Given in marriage by her father, the bride wore a floor length gown of white marquisette over taffeta with sweetheart neckline and short puffed sleeves. She wore a Dutch cap with fingertip veil and carried red roses and bouvardia. She wore a gold pendant and bracelet, the gift of the groom.

Miss Dorothy Walt, of Rochester, N. Y., acted as bridesmaid for her sister, wearing floor length pink net over rose satin, matching shoulder length veil with silver tiara and carried pink roses and bouvardia. The groomsmen were Ralph Utman, Stirling, and the usher was David Duffin, Stirling. Miss Marjorie Walt, sister of the bride sang "Because", during the signing of the register.

After a reception and lunch at the home of the bride's parents, the happy couple left on a week's motor trip to Northern Ontario and Toronto. The bride's going away costume was a brown tailored suit with matching hat and accessories. They will take up residence in Stirling.

'Publicity' Subject Of Fine Address

Mrs. P. Utman Addresses Women's Institute — Mrs. Louis Rodgers Was Hostess

The September meeting of Stirling W. I. was held in the evening at the home of Mr. and Mrs. Louis Rodgers. The usual business was dealt with and there will be a quilting on Thursday, Sept. 20th, in the Community Hall. Mrs. H. Cooke was given a shower of cards, as it was her birthday. All joined in singing "Happy Birthday." One new member joined at this meeting. Mrs. L. Rodgers was in charge of the programme. She gave a reading, "A Great Bounty". Mrs. A. Gordanier gave a reading, "The Stick Together Family". Mrs. R. H. Williams gave a piano solo; Mrs. B. Woodbeck gave several selections on her guitar. Mrs. P. Utman from R. Valley W. I. was the speaker on "Publicity". She gave a very fine address. A few of the highlights were—Publicity in our organization is comparable to advertising in business and if used well would add members to the W. I. and arouse greater interest in our present members. In our minds eye let us picture the Ontario W. I. members marching together more than 38,000 with a banner—All out for victory—held aloft, followed by others telling the story of our aims, ideals and achievements. What a fine piece of publicity this would be to mark the 48th Anniversary? As this was a very lengthy address, I will just mention one or two outstanding items.—I have six honest serving men, They taught me all I know. Their names are What! and Where and When, And Why and How and Who. We must look further than our own W. I. and take more interest in Prov. and Federation. Where can we women learn more of these than if we take our Institute Paper, "Home and Country", and read it in our spare time.

Every Institute should have a press reporter to supply the paper with notices of coming events and accounts of each meeting. This gives the other branches a chance to learn of any special work you may be doing and may prove a special benefit and inspiration to them. Their press reports will be of the same value to you. Several gems of poetry brought this address to a close. Mrs. H. Rodgers (Continued on Page Eight)

WATCH THOSE TIRES

Motorists are being advised by police to keep a close check on their automobile tires. Reports from around the province would indicate a wave of tire thefts is in progress and with gasoline now off the rationed list, tires are most in demand. Keep a list of the serial numbers of all tires and never leave your car in a position which would invite theft, are some hints given citizens by the police.

WATCH THE CHILDREN

The Stirling schools are now open and once again motorists are reminded of the need of exercising extreme care when driving on the streets of the village, particularly in the school area. With school open there are many children on the streets on their way to and from their classes, and anyone of them might dart into the street in front of a car. Children at play are apt to become careless of the dangers of motor traffic and should be reminded frequently of the rules of safety by both their parents and teachers.

Motorists should remember that they were young once themselves and raced madly to and fro across the streets while at play. The point is kids are kids, and the sooner all motorists realize this and make allowances for the eternal truth the better.

DITTY BAGS IS OUR JOB

We're into the Fall, readers, and the Women's Committee of the Navy League, Ontario Division, reports that thousands more empty ditty bags must be called for by us and filled quickly if our merchant seamen, Allied merchant seamen and men of the permanent Navy are not to be disappointed at Christmas-time. To disappoint them wouldn't be showing much gratitude to them for their splendid war-work. Many of the articles recommended for inclusion in the ditty bags, though plentiful here, cannot be obtained in European countries and would be greatly appreciated. We can secure empty ditty bags from the local Navy League branch. Please apply NOW, readers! The Director of Merchant Seamen has told Navy League officials the need still exists.

STIRLING FAIR

Stirling Fair is being held on Monday and Tuesday, September 24th and 25th, and

Rylstone W.I.

The Rylstone Women's Institute held a very interesting meeting on Wednesday, Sept. 5th, at the home of Mrs. Carl Reid. 5 visitors and 9 members were present. The President, Mrs. Harold Henderson opened the meeting with the Institute Ode and Lord's Prayer in unison.

The Roll Call—"Training hints for children" was well responded to and several suggestions were given. The minutes of the last meeting were read and adopted. During the business part, cards of appreciation and letters were read and Mrs. Fred Barnum moved we get Song Sheets and Music Books

for a Community Sing Song, seconded by Mrs. Chas. Stewart. Mrs. Murray Meiklejohn, convener of Social Welfare took charge of the following programme.

The well prepared motto on "How to get the best out of life" by Mrs. Simpson; a reading by Mrs. Will Allen, "Advice to a Girl"; Mrs. Fred Barnum spent much time and thought on her topic, "If I were twenty-one again."; reading, "Convalescence", by Mrs. J. Loyne. Miss Isobel Irwin gave a talk on treatment of cuts and wounds and making a tourniquet.

The contest, "Health" was followed by a humorous reading by Mrs. Maurice Brunton, entitled, "The Good Old Days." Demonstration — Breakfast trays for the sick room. Meeting closed with the National Anthem, after which the hostess served cookies and tea.

The next meeting will be held at Mrs. Lillian Anderson's. Roll Call—Agricultural Activities for Women.

BRIGHTON P.O. ROBBED

Approximately \$1,300 in bonds and stamps were stolen from the Brighton Post Office in the early hours of Wednesday morning by robbers who forced their way into the building and carried the safe into the back yard where it was opened.

BUSINESS CHANGE

Mr. W. H. Gibson, of Campbellford, has sold his wholesale confectionery business to William H. Brady, who

now is the time for you to plan not only to attend, but to be an exhibitor. The Agricultural Society sponsors the Fair entirely in the interests of the farmers of the surrounding district and should be encouraged.

The directors in charge of the preparation of the prize list have spared no effort to make it attractive and the farmers may show appreciation of their efforts by exhibiting their prize stock and vegetables.

In the horse classes a section has been added for driving horses while the poultry section has been revised to include a boys' and girls' class. The ladies' work section and school sections have also been revised. In addition to the regular prizes offered by the Society in the various classes for live stock, fruits, roots and vegetables, grain and seeds, domestic science, there is the usual lengthy list of special prizes donated by outside firms and local citizens.

The programme committee has also been active and has prepared one of the best programmes for years. Heading the list are the Trials of Speed, for which increased purses are offered, Bicycle Races, Drawing Contest, Softball Game, Baby Show, Ladies' Nail Driving, Old Tyme Fiddlers' Contest, Square Dance Contest, Tug of War and Weight Guessing Contest.

Altogether the prize list and programme offered should prove popular with the surrounding community and citizens are urged to support the local Fair.

THEIR CONTRIBUTION TO VICTORY

When it is possible to write the full story of the war work done in the past six years by the men and women of the Canadian farms, it will be a heroic saga of self-sacrifice, ceaseless labour, victory over difficulties in the shortage of help and machinery, and the never-ending fight against the elements. Peace hath her victories no less renowned than war. The farm folk of Canada, like farm folk everywhere, are fundamentally people of peace. Paradoxically without them war could not be waged, so it is appropriate to pause and give due measure of appreciation to the people who made an immeasurable contribution to victory.

In other countries, unintentional forgetfulness of what farm men and women have achieved in war time is an old story, although that story is not likely to be repeated in Canada. About 1,600 years ago, the Visigoth farmers settled by Theodosius south of the Danube were forgotten and left to their own resources under harsh conditions. Yet much was expected of them in the way of supplying food. So they started the first major farm strike on record and were stopped from occupying Rome only on the payment of a large farm loan, then spoken of as a ransom.

Again in the world, the time has come "when they shall beat their swords into ploughshares and their spears into pruninghooks." After every war, the ploughshares and pruninghooks are sorely needed. On the declaration of peace, the Canadian farmer, with his outworn machinery, looks forward to the time of full supply which includes a long list of necessary implements.

Throughout the war, the farm men and women of Canada met with courage and uncomplaining endurance the many demands made upon them even when it would appear that the impossible was being asked.

Agriculture has helped place Canada in the vanguard of nations. Now an opportunity presents itself for the Nation to place farm folk in the forefront under conditions and surroundings worthy of the victories of peace.

1946 LICENCES BLACK ON WHITE

Ontario licence plates for 1946 will have white figures on a black background, J. P. Bickwell, motor vehicles registrar, said yesterday, adding that the prevailing metal shortage would make it necessary to continue the policy of issuing only one plate to an automobile.

Bickwell said the number of registered passenger cars in Ontario was 550,000 while the number of trucks registered was 95,000.

Entered Into Rest

ALBERT E. WRAGGE

Albert E. Wragge, 65, for many years connected with the Water and Light Commission at the power plant, Campbellford, died in Peterborough Hospital Friday morning after a brief illness. He was prominent in Masonic circles, being a member of Golden Rule A.F. & A.M., and Ionic Chapter R.A.M., and also a member of Campbellford Bowling Club. Besides his widow he is survived by one son, Raymond, of Peterborough.

NEWS FOR THE BUSY FARMER

WHEN A HORSE FOUNDER

When horses founder, they manifest sudden stiffness, lameness, and a tendency to place their forefeet out in front, so that they rest on their heels, with the hind feet placed somewhat forward under the body. This condition is due to blood congestion in the feet, say veterinary authorities, and requires prompt treatment if permanent damage is to be prevented. First aid measures recommended are standing the horse in running water or pouring cool water over the feet, or applying finely-crushed ice packs to the feet. A veterinarian should take charge of the case as soon as possible, because the speed with which remedial measures can be applied largely affects the extent of recovery.

DOGS IN PASTURES

Keep dogs out of sheep pastures is a suggestion offered by veterinary authorities to sheep raisers. The reason is that dogs are frequently carriers of tapeworms and can bring the worm eggs into pastures, where they will be picked up by grazing sheep. Recently at one place in the United States, 164 sheep out of 429 were condemned by government meat inspectors because of tapeworm cysts. In checking, it was found that the infestation had been carried to the sheep pasture by dogs. When dogs are used for herding sheep they should be periodically examined by a veterinarian to make sure that they are free from these parasites.

POTATO RING ROT IS BEING FOUGHT

Due to work carried on by Science Service, Dominion Department of Agriculture, the number of rejections in Canada on account of bacterial ring rot entered for certification continues to decrease. Dominion and Provincial Departments of Agriculture employees in all provinces continue to look out for ring rot and report every case observed. In most provinces, these reports are followed by a visit to the farm where the diseased crop was produced and steps taken to eradicate the disease. The Departments of Agriculture of Alberta, Manitoba, New Brunswick, and Ontario are now making surveys for bacterial ring rot every season in some of their commercial potato growing areas, and steps taken to eradicate the disease. Some good results have been obtained but a more thorough and energetic program should be undertaken immediately everywhere, says the report. There are reasons to believe that the provinces of Prince Edward Island, Nova Scotia, and British Columbia remain substantially free from ring rot.

NATIONAL CLUB WEEK JUNIOR FARM CLUBS

With the approach of the fall season, members of boys' and girls' farm clubs in all parts of the Dominion are preparing for their local achievement days, district eliminations and provincial competitions through which teams are selected to participate in the annual national club week, to be held during the week beginning November 18th. Some district inter-club contests have already been held. The national club event is conducted annually by the Canadian Council on Boys' and Girls' Club Work. The club members taking part, provincial champions in various club projects, will meet at Toronto on November 18th.

Oral examinations will be conducted at Toronto, judging contests at the Ontario Agricultural College, Guelph, and after the competitions there will be a program of sight-seeing and educational features, concluding with a visit to Ottawa. It is expected that 32 or 33 teams of two members each, will attend national club week. This annual event is made possible by the contributions of a number of business organizations and associations which have joined with the Dominion and Provincial Departments of Agriculture as members of the Canadian Council on Boys' and Girls' Club Work.

Membership in boys' and girls' farm clubs has decreased in some extent in the past four years, as a result of wartime conditions, but expansion is anticipated in the near future. A great deal of thought is being given to the further development and improvement of junior farm club programs.

SWINE FEVER NOT PREVALENT IN CANADA

The importance of swine fever or hog cholera is not so great in Canada

CULLING EWE FLOCK IS PROFITABLE

Every sheepman should aim to obtain a uniform flock of ewes of good size, strong in constitution, wide and deep in body and that are efficient producers of lambs and wool. The only way this can be attained is by carrying out a rigid culling program. Definite standards of production should be set and strictly followed in culling the flock. Animals that fall below the minimum standard should be discarded regardless of appearance or pedigree, says J. A. Bennett, Dominion Experimental Station, Swift Current, Sask.

The larger portion of the returns from raising sheep, whether under farm or range conditions, comes from the sale of lambs. Those ewes that fail to produce a lamb, or that produce small lambs because of being poor milkers, or because of spoiled or defective udders, should be disposed of. A ewe that is barren one year may however, produce excellent lambs in following years. In practice ewes are culled when they fail to produce a lamb for two successive years.

Although the returns from the sale of wool are not as great as the returns from the sale of lambs, the sheepman cannot afford to overlook wool production. A small increase in average fleece weight can greatly increase the net profits from sheep raising. In small or purebred flocks a suitable method of determining the poorer wool producers is to weigh and examine each individual fleece as it is

shorn. In large flocks this would be impossible but an examination, by an experienced man, of the wool on the sheep either just prior to shearing or in late fall will give sufficient information for culling purposes of the value of the fleece.

Flock owners should bear in mind that one of the best safeguards against reductions in returns because of adverse weather conditions or from declining prices is to have a flock of young rather than old ewes. Old ewes cannot secure their feed as efficiently as young ewes and their feed costs are inevitably higher. When prices decline suddenly the man with a flock of young ewes needs only a few ewe lambs for replacements and he has more lambs and fewer ewes to market than if he had a flock of older ewes.

CAMPBELLFORD SOLDIER LIBERATED PRISONER

Cable received from Rifleman Reginald Moore, liberated prisoner from Hong Kong, reads as follows: "Safe in Allied hands, hope to be home soon writing address letters and telegrams to liberated P. O. W. care of Australian Army Base Post Office, Melbourne, Australia. Reg. is a son of Mr.

and Mrs. George F. Moore, Campbellford. He enlisted in the early stages of the war.

LIGHTER VEIN

A group of men are boasting of their quail-hunting feats. The stories get better till one man says: "Why I brought in 65 birds yesterday." A stranger who has been listening announces: "Well, I don't guess you know me, but I'm the game warden, and the bag limit on quail happens to be just 20 birds a day." Whereupon the man says: "Well, I guess you don't know me. I'm the biggest liar in this country."

Canada ranks third among the United Nations in naval power and fourth in air power. During the war, Canada became fourth largest supplier of war equipment, third trading nation and second exporting nation among the United Nations.

WE RECOMMEND THIS TIRE FOR POST-WAR MILEAGE

We recommend B. F. Goodrich Synthetic Rubber Tires because we have seen their superiority proved in service. We know they can give you the long extra mileage you need for post-war driving. B. F. Goodrich Hi-Flex Cord and Ply-Weld construction provide extra protection against blow-outs and premature tire failures. Life-Saver Tread gives you a safety factor that will be appreciated in an emergency stop or on a greasy pavement. All these features combine to make B. F. Goodrich Tires first choice for post-war driving.

Joint Meeting of W. A. and W. M. S.

A joint meeting of the Woman's Association and the Woman's Missionary Society of Wellmans, was held on September 4th, at the home of Mrs. Burton Morton.

Mrs. Clifford Clancy presided for the Woman's Association. Program opening with a sacred piano solo played by Mrs. T. F. Townsend and all joined in singing the Theme Song. Prayer was led by the President.

The "Minutes" of the two previous meetings were read by the Recording Secretary and approved by the group.

An inspirational message was read by Mrs. Lindsay Pollock challenging the hearers to "seek peace and pursue it". Peace is not handed out gratuitously, we must acquire ourselves with God, listen and heed His words.

Hatred and fear shut us out from God, but the door is open to us when we "ask, seek and knock". This was followed by the solo, "He Knows", sung by Mrs. John Rainie.

Little Miss Muriel Morton pleased all with a piano solo of nursery rhymes and Miss Mildred gave the song "A, B, C." Mrs. Morton recited a poem entitled, "The Tinsmith Goes About". A special welcome was given to Mrs. C. Dracup, a guest of the afternoon.

Mrs. T. F. Townsend, President of the Woman's Missionary Society conducted a brief session, appointing Mrs. Lindsay Pollock and Miss E. Rainie as delegates to the coming Sectional Rally.

The offerings were received by Mrs. E. Todd who also made a financial report. Plans were made to organize a Baby Band with Mrs. Omer Dracup in charge.

Mrs. Townsend gave thoughts from the new Study Book which gives promise of great interest for the coming months.

The copies of the Missionary Monthlies in care of Mrs. Wilfred Sine were distributed to the members.

A very splendid meeting was closed with prayer by the President.

The members were invited to the verandah where Mrs. Morton served a delicious lunch and a social hour was spent.

RIVER V. STUDY GROUP

Twelve of the fifteen members and eleven visitors gathered at the home of Mrs. Mary Vandervoort for the August meeting of the R. V. Study Group. Mrs. Utman led the meeting, which opened with "Onward Christian Soldiers." Miss Gladys Bly, of Toronto very capably acted as pianist. After prayer by the president, the usual business was conducted with several secretaries reporting. The Scripture Lesson, Psalm 103, was read by Mrs. Kane, followed by a reading, "Thought For To-Day", by Mrs. Geo. Heasman. Mrs. Ross Bush, Mrs. Hanna and Miss Marjorie Bush all gave interesting readings. At this time in the programme, Rev. and Mrs. Gray were made the centre of interest, being their last opportunity to meet with the group. An address of appreciation of their interest and services was read and Mrs. Alex Bush presented them with book ends on behalf of the organization.

Both Mr. and Mrs. Gray replied in their usual kind and capable way. After singing, "Yield Not to Temptation" Mr. Gray closed the meeting with prayer.

All were invited to spend the remaining part of the afternoon to visit with Mr. and Mrs. Gray, during which Mrs. Vandervoort served a delicious lunch. The next meeting (Sept.) will

be at the home of Mrs. H. Beatty. Visitors always welcome.

GOD SAVE THE KING!

"O Canada" may be given official recognition as Canada's national anthem; but first let it be known which of the several versions is being recognized.

And let us say right here and now that, no matter what may be done regarding "O Canada", our National Anthem, as long as Canada is a member of the British Commonwealth of Nations, will still be "God Save the King."—Owen Sound Times.

So far, 9,096 wives and 5,244 children of Canadian servicemen have been brought to Canada. At July 31 there were 23,536 wives and 8,250 children still in the United Kingdom.

St. Paul's W.A.

The September meeting of St. Paul's Women's Association was held at the home of Mrs. Maurice Bell, on Tuesday afternoon, September 11th, with fifty ladies present. The President, Mrs. R. B. Duffin, presided over the business portion of the meeting, which opened with the singing of the Theme song, the General Thanksgiving Prayer, and the Lord's Prayer in unison. The Secretary read the minutes of the last meeting, and several acknowledgements of cards and letters received during August, also reported nine cards sent during the past month. The Treasurer, Mrs. O. Stapley, presented the monthly financial report. The visiting committee, Mrs. R. B. Duffin, Miss Eliza Donnan, Mrs. W. L. Fox and Mrs. C. Pitman reported seventeen visiting calls made during August. Miss Donnan and Mrs. F. N. McKee will act as the visiting committee for this month. During the business portion of the meeting a committee consisting of Mrs. Nora Westcott, Mrs. Duffin, Mrs. C. I. Hutton, Mrs. O. Stapley, Miss Mildred White, and Mrs. J. L. Good were appointed to look after the selling of the Christmas cards. An afternoon tea sponsored by the W. A. will be held at the home of Mrs. Walter Elliott on Thursday afternoon, September 27th. Miss Della Caldwell gave a very complete parsonage report, and a very satisfactory discussion was held regarding

the re-decorating of the Parsonage, this month. Three ladies joined at this meeting.

The program of the day was capably directed by Miss Della Caldwell. After the singing of hymn 510, Mrs. George White read the Scripture Lesson taken from the Fifteenth Chapter of St. John: verses 1 to 14, followed with quotations and short prayers by Miss Caldwell. The main feature of the program was a splendid paper on "The Highlights of Canadian Literature", by Mrs. A. Ellis. The speaker dealt first with The Canadian hymn writer, R. Murray, who gave us the well known hymn, "From Ocean Unto Ocean", which many claim could be used as a National hymn. Next came Lillian Leveridge, who spent some of her early years near Coe Hill. One of her highlight poems, "What's the use" was read by Mrs. R. A. Patterson. Following this was a brief sketch on the "Life of Wilson Macdonald", ending with his poem, "Maggie Swartz." The next author dealt with was, E. Pauline Johnson, Mrs. Maurice Bell reading one of her highlight poems, "The song my paddle sings." The writer, Helen Marrell, was next dealt with, ending with her poem, "When the Gulls come in." The distinguished and well known writer, Bliss Carman was lastly dealt with, the speaker, reading the popular poem, "The Vagabond Song." Mrs. H. West favoured the W. A. with the piano solo, "In a Monastery Garden." Mrs. Ellis gave an interesting sketch of the life of Joseph Scriven, who wrote the hymn, "What a Friend we have in Jesus". The meeting then closed with the singing of this well loved hymn, the National Anthem, and the Mizpah Benediction.

During the social period, Mrs. S. Murphy and Mrs. Arthur Hulin staged a very interesting contest. A very dainty luncheon was served by the committee in charge. The gratitude of the W. A. to the hostess, Mrs. M. Bell, all who took part on the program, and

A Column for Service People

Must I pass a medical examination before I can take out a veterans' insurance policy?

—No, except in a few special cases. In fact, a main purpose of veterans' insurance is to protect the dependents of those ex-service people who, because of impaired health, cannot pass the medical exams required by commercial insurance companies.

I have a chance to become a partner in a small radio repair shop. Can my Re-establishment Credit be used

for this purpose?

—No. Under present regulations, the Credit can only be used to help finance your own business or to help you buy one.

How soon after discharge must I apply to my former employer if I want my old job back?

—Normally, you must apply within three months after discharge in Canada, or four months after discharge overseas.

Can I complete my matriculation under the rehabilitation program?

—Yes. If your occupation calls for "matric", you may receive both a speed-up course and maintenance grants. You are eligible equally if you are preparing for University study. However, in this second case you

would do better to foot your own bills for your preparatory work — tuition fees are higher at University, so it's a good idea not to exhaust part of your benefit period before you even get there!

What is "rehabilitation training"?

—This term is often used in referring to the whole program of occupational training for veterans. Instruction is given not only in full-time (and part-time) classes, but also by apprenticeship, by training "on the job", and by correspondence courses.

TO BUILD NEW SCHOOL AT MARMORA

At last prospects are very bright for a new High School in Marmora. The Ontario Department of Education has approved the building of a new school and the new standard of grants provide that the village will only have to pay about 12½% of the debentures and the same proportion of the cost of operating the school. Shortage of labour and material may delay the erection of the school until next year or the year following, but further particulars should be known in a few days.—Marmora Herald.

Hello, Homemakers! Call them fruit or vegetables, tomatoes are at home on any table. We hope you will serve them often at the height of the season and also preserve a supply as a source of vitamins A and C next winter.

First choice for most people in serving tomatoes is uncooked—whole, halved, quartered or juiced. Chopped fine and forced through a sieve, fresh tomatoes may be seasoned with a little onion, lemon juice and horseradish or tabasco sauce to make a tomato cocktail.

To peel or not to peel a tomato is often a question. If the tomato is scalded for a minute, then cooled quickly the skin comes off paper thin and food nutrients are not lost. On the other hand, place a whole ripe tomato in the lunch box and it is easier to handle with the skin on.

A stuffed tomato salad, one of the most popular of summer dishes, may be the main dish. The centre of tomatoes may be scooped out to form a shell for a variety of fillings—chicken egg or cheese. Include cottage cheese or grated cheese or chopped egg with diced vegetables in the variety of fillings for tomatoes.

Tomatoes are easy to can, but for best results use a reliable well-tested method.

CANNED TOMATOES

Select firm, ripe tomatoes of medium size. Wash. Blanch by dipping in boiling water for 1 min. Plunge into cold water and peel at once. Simmer tomatoes 3 to 5 mins. Fill jars. Add 1 tsp. salt to each quart jar. Cover with boiling water or tomato juice made by pressing ripe tomatoes in cheese cloth bag. Partially seal and process the jars of tomatoes in hot water bath for 20 mins. counting from the time the water begins to boil. Or process in electric oven preheated to 275 degrees for 25 mins. Seal tightly and store.

BAKED TOMATOES WITH CELERY STUFFING

... 6 firm, ripe tomatoes, 1 1-2 cups chopped celery, 1-2 small onion, finely chopped, 1-4 cup grated cheese, salt and pepper.

Wash tomatoes, remove stem ends, and scoop out centre pulp, leaving a shell about 1-4-inch thick. Chop pulp and combine with remaining ingredients, seasoning to taste. Fill tomatoes with mixture and top with buttered

crumbs. Place in greased baking dish and bake in moderately hot oven, 375 degrees, for 20 minutes. Serve at once.

TOMATO COCKTAIL

18 ripe tomatoes, 1 cup chopped celery, 1-2 cup chopped onions, 3 sweet green peppers, 1 sweet red pepper, 2 tablespoons salt, 2 tablespoons vinegar, 1-4 cup sugar.

Wash and cut tomatoes but do not peel. Chop the peppers finely. Mix tomatoes, celery, onions, peppers and salt together. Boil for half hour in a covered pot. Strain through a coarse sieve. Add vinegar and sugar. Boil 3 minutes covered. Seal in sterilized jars.

TOMATO SPREAD

12 ripe tomatoes, 3 onions, 3 apples.

Cut up tomatoes, apples and onions without peeling. Cook until soft. Put through sieve. Add 1 cup brown sugar, 1 tbsp. salt. Mix 1 tbsp. of mustard with 1-2 cup of flour and 1 cup vinegar. Cook until smooth. Add the hot tomato mixture with 4 sweet peppers and 1 hot red pepper, minced. Cook, stirring constantly for 10 mins. Seal in sterilized jars. This is delicious on toast and with cold meats.

TOMATO SOUP FOR WINTER USE

1 basket tomatoes, 4 large onions, 2 bunches celery.

Wash and cut up tomatoes, but do not peel. Peel and slice onions. Wash and cut celery, including the leaves. Boil all together until tender. Strain. Add:

2 teaspoons salt, 1-4 teaspoon red pepper, 1-2 cup sugar, 1-2 cup flour, 1-2 cup butter.

Melt butter and add flour, sugar, pepper. Add to first mixture. Boil until thick. Bottle. Dilute with hot milk when serving.

THE QUESTION BOX

Mrs. S. G. asks how to process apples for pies and desserts in quart jars?

Answer: Summer apples are better made into applesauce in preference to quartered sections for pies.

The method for canning applesauce without sugar is: Prepare good quality apples and cook applesauce. Four into sterilized jars, partially seal and process. Boiling water bath, 15 mins. for quarts; electric oven 275 degs. for 25 mins; pressure cooker at 5 lbs. for 5 mins. Complete seal as soon as processing time is up.

"HAVEN'T YOU GOT SOME UNDER THE COUNTER?"

MULTIPLY A WHISPER BY A MILLION—

DEFLATION

AND YOU'VE GOT INFLATION

Let's not deceive ourselves by the belief that the danger is over—just because the war is won. And let's remember that inflation is always followed by deflation with its misery of bankrupt businesses, mortgage foreclosures and unemployment.

It's your job and your savings that are at stake.

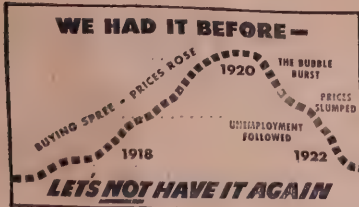

The danger of inflation, with its black shadow—deflation—will remain as long as goods are scarce and insufficient to meet demands. That may be 6 months, 12 months, 18 months. Only time will tell. As quickly as controls are unnecessary, they are dropped.

After nearly 6 years of war, industry cannot switch over to normal production of civilian goods by a snap of the fingers. Reconversion takes time. The whole system of raw materials, labor and production has to be re-gear.

In the meantime, price ceilings, rationing and other controls are the safeguard for every one of us. It's everybody's responsibility to help make them work.

SO— Keep on watching your buying. Don't rush to buy scarce goods. Keep on saving your money. Put it into Victory bonds and War Savings certificates.

Keep on supporting wage and price controls, and rationing. Keep on fighting inflation and its black shadow... deflation.

ONLY ONE CURE

The real remedy for the shortage of houses is to create more of them, not by the dozen but by the hundreds. This country has the labor—if only

the armed forces will release it—the materials and the skill to build houses in very large numbers as it built ships, aircraft, motor vehicles and many other articles in volume during the war period, provided there is similar direction and co-ordination given to the effort and the housing shortage will not be materially relieved until such construction is undertaken and completed.

MOLLY'S SON

BY HARRY M. MOORE

A Story of Harness Horse Racing in the Early 1900's
(All Rights Reserved)

CHAPTER XI

With a champion colt in his possession, seven hundred and thirty dollars in the bank and a good job, Benny Bannerman was well prepared to meet the long lay-off between fall and the beginning of the next racing season in a peaceful frame of mind. He felt now that he was getting somewhere and that to do so he did not have to give up his apprenticeship at the blacksmith shop. T. B. Telfer had not at any time recalled a previous conversation when Benny had told him that above all he wanted to be a horseman. And Benny had not said anything, either.

In the light of what was to follow, it was just as well.

In the meantime Benny, while regretting that his colt had been given a mark that made him eligible for the .18 class or faster if he wished to enter him, did not hold anything against the blacksmith for giving the honest time. T. B. was an upright man in every act and deed. He need never be expected to do anything that would be against his conscience.

There was no doubt about it, T. B. was just as sorry to see Molly's Son given that mark as was its owner.

"You know, Benny," he said one day, "I never calculated the little feller could go a lick like that. And when I saw 2.13 on my watch I thought I'd made a mistake. But it was no mistake, that city feller who sat beside me showed me his watch and there it was to a second."

"He can do better than that," Benny intimated. "I've caught him in .15 more than once."

"You—have?" T. B. questioned. "Why, that's faster than the best time ever made by his dam. At least that's what Bill Moran told me, and yet Molly was never licked. Nothing around here could ever beat her in the last quarter." He broke off and resumed, "I hope you're not holding a grudge against me for driving your little pony that mark?"

"Not me," said Benny. "Don't let that worry you none. Of course, from now on he'll have to go up against the good ones, but I think he'll do all right. Next year should either make or break him."

Little did Benny Bannerman know at the time how prophetic his words would sound less than twelve months later.

The Big Barn on the Holmesville Speedway continued to be Molly's Son's home throughout the seemingly long fall, longer winter and still longer spring. For Benny was a boy of action and he wanted to be on the go all the time.

Every fit morning during the winter Benny and Molly's Son were on the move. The track had been kept open and several other horsemen had braved the weather conditions to make their home at the barn and keep their horses in good shape, too.

This training proved good for the little black stallion. He was a good feeder and he added height and weight. By spring he had grown close to the fifteen hand mark and he weighed, in a guess, about nine hundred pounds.

By now Molly's Son was a pretty horse. His four white feet and the odd looking white patch on his nose set off the coal black of his sleek coat. His long flowing tail and mane were wavy and his head was high and intelligent. And he was a great pet. He was quick to recognize the approach of his owner, but he appeared to be more interested in Pat Warren who stopped to fondle and tease him.

At Christmas time Benny was given the surprise of his life when T. B. Telfer, Doc Brisco, Horse McKenny and Bill Moran, his old stand-bys, presented him with one hundred dollars, the best stop watch that money could buy, and driver's silks of dark blue and white. And over in the stall in

the Big Barn he found a new set of driving harness which came from the same source, else he had made a poor guess.

Spring came at last to Holmesville. There was a quickening in the spring training now that the snow of winter had disappeared.

Within days, horses began to arrive to join those which had been in winter training and soon the speedway was alive with them.

Benny looked upon these horses in a new light. Especially those with a mark of .18 or better. These strapping veterans of many a thrilling race were the horses that Molly's Son 2.18 must meet in the days to come. Tough horses to beat they were; their drivers were tougher still. They knew all the tricks of the game. They knew all the angles of horse racing, learned on the Grand Circuit and the lesser known racing circuits where friendships ceased and only God helped the other fellow.

Thoughts of breaking into the racing game in such company were enough to unnervise any young driver, but not Benny Bannerman. The lad was cool-headed, though boyishly bashful in the presence of his elders. He was not one to worry. He had a good horse and if that horse's foot stood up to the harder going, he knew that the other horsemen would learn to respect him. They would also learn that Molly's Son had speed just when and where it was required the most.

And so Benny met the changing conditions without boast or that familiarity with the horsemen that breeds contempt if nothing else. He had no way of knowing just how they were going to take him—as a driver worthy of their company, or just a smart kid who should have his nails clipped. Throughout that training season he was friendly enough with these other horsemen and he picked up many valuable pointers, but he never at any time was forward, and so he was never snubbed. He never gave anybody any reason for doing that.

Just the same the other horsemen liked to josh him. An early riser, a believer that his horse should be the first out on the track in the morning, Benny soon became a target for some of them. They got to calling him the night watchman and asked if he was sure he had punched all the clocks in the village; they asked him why he didn't learn the baking trade if he was so anxious to see the sunrises. They nicknamed him Blondie, and not satisfied with that they would shout, "Hey Silver!"

And Benny took it all good naturedly. He would be competing against these men in the days to come, and there might just be a chance to get back at them, to have the last laugh on them.

So, while Benny was putting his little stallion through his paces, getting the sixty or seventy or eighty hours hard work into him that are required to fit a horse for a tough race, Horse McKenny and Bill Moran were around to add much to his education. These men had been through the mill, and they not only knew all the questions but all the answers. They advised Benny in many ways. They gave him invaluable coaching; they were even seen on the joggling cart behind Molly's Son to get acquainted with his style and action and to get some idea of his wonderful burst of speed.

Of course the horsemen were interested in Molly's Son and came to his stall to look him over. They saw him on the track and he was clean-going and faultless despite his limp. But little did they know they were looking at a horse for which one thousand, possibly two thousand dollars, had been offered and refused.

For Benny Bannerman was carrying around a letter, a letter that not even T. B. Telfer had ever seen, a letter from William Pender, owner of Mid-

thousand dollars cash for Molly's Son, with the proviso that if Benny could guarantee there would not be any foot trouble, the writer would raise the bid to two thousand dollars.

Benny's answer to that letter was short and to the point. He told Pender that he had no desire to sell his horse and added cryptically, "You see, I'd sooner ride ahead on the home stretch."

The time between Spring training and racing time passed quickly. Work in the blacksmith shop eased off as the faster horses left the speedway for the summer circuits. All that remained were the colts and green horses, while many of the faster animals would return for the July meeting as part of their itinerary.

And that July meeting was one long to be remembered. Molly's Son was making his first bid against the veterans of the mile and half-mile tracks, and Pat Warren was there and Benny's little sister, Rose, had ventured along to see big brother race a horse, and there was plenty of good racing for everybody.

Another crop of two-year-old colts were getting their first chance to show what they could do. But Benny just looked them over casually. He had been through all that before. It was of the other race horses he was thinking, the horses in the 2-18 class, the big race of this particular meet.

Of the four horses entered to compete against Molly's Son there was the long-legged grey gelding Sante Fe; there was the white-faced bay mare Birdie Bell, there was a roan that answered to Miss Dixie Ann and a loose-gaited bay gelding called Billy Bass.

Their drivers were veterans of the tracks, men whose faces were like

brown leather. They were old hands, experienced at the game and could be plenty tough in a horse race although their names, Toad Harris, Billy Purdy, Hop Kennedy and Tax Ostrander, belied any such insinuation.

As far as Benny could see by a trip through the Big Barn and a look at their horses, these men were anything but play. They were civil enough but that was all. Racing for a purse of four hundred dollars, fifty per cent to the winner, was money worth while and would buy a lot of hay.

Benny summarized the whole set-up for the 2-18 class briefly as a race in which there was not apt to be any gangling up. But in that he could have been mistaken.

Even though it was the day the inexperienced Benny was to advance to the senior class in horse racing, it was a day he was to remember for many a long year afterward, not only because it turned out to be his first race against age and experience, but for the tragedy that came out of it.

2 WOMEN HURT AT NORWOOD; CAR HITS TRUCK

Two Havelock women were injured Friday night when the automobile they were driving collided with the rear end of a truck parked on No. 7 Highway, about two miles west of Norwood.

They were Mrs. Robert McCutcheon driver of the vehicle, and Mrs. Ernest Leason, who were both taken to the Peterborough Civic Hospital in an ambulance. The extent of their injuries could not be learned immediately, but it was reported today that while Mrs. McCutcheon's condition is satisfactory, Mrs. Leason is still unconscious.

Provincial Constable Archie Grayling, of Havelock, and Constable William Parcells, of Norwood, who investigated the accident, said that the car ran into the back of a truck belonging to Ernest Munro, of Norwood, which was parked without lights on the highway. The automobile was badly damaged.

The women were proceeding towards Peterborough when the accident occurred.

YOU & Co.

YOU AND COMPANY—you and that family you work and plan for! A small boy you'd like to send to college—a little girl who's going to have "the very best her old Dad can give her!" It's the most important thing in the world, isn't it—planning for their future! And NOW is the time to make sure those plans come true by putting up a strong, steady fight against inflation!

You and all of us must fight for that future by fighting to keep Canada's dollar sound. Unless we can keep that dollar worth a full dollar, You & Co.—along with the rest of Canada—will face inflation! That's why it's important NOW—more than ever now—to fight for a dollar that's worth a dollar.

Why NOW especially? Because now civilian goods are scarce, and money is plentiful. Now is the time to FIGHT to maintain price con-

trols and price ceilings. We must support and urge the support of rationing. We must buy only what we need, and only at fair markets.

If we do this, we can make plans for the future as part of a Nation that is economically sound. If we don't, we're going to find some day that our dollar will buy only a quarter's worth of goods. And that means that dollar is only worth a quarter. This is inflation!

Up to now, Canada's controls have really worked. We've been able to prevent inflation. But we must fight now to keep those controls working, until the supply of civilian goods can come up to the demand! What happened after the last war must not happen again! For the sake of our children, for our returned soldiers, for ourselves let's keep up the fight against inflation.

Make this Pledge Today!

I pledge myself to do my part in fighting inflation:

By observing rationing and avoiding black markets in any shape or form.

By respecting price controls and other anti-inflation measures, and refraining from careless and unnecessary buying. I will not buy two where one will do, nor will I buy a "new" where an "old" will do.

By buying Victory Bonds and War Savings Stamps, supporting taxation and abiding by all such measures which will lower the cost of living and help keep prices at a normal level.

Entered Into Rest

REV. J. D. P. KNOX

Friends from far and near assembled at St. Paul's United Church, Stirling, on Saturday afternoon to pay their last tributes of respect to the memory of Rev. John D. P. Knox

who had labored faithfully and long during the past half-century in the promotion of the work and welfare of the people, among whom he served in the Christian ministry.

The service was in charge of Rev. A. Poulter of Madoc and he was assisted by Rev. T. F. Townsend of Stirling, Rev. Enos Farnsworth of Belleville, also a veteran in the work of the Church, and for many years a

close personal friend of the departed clergyman, delivered the sermon and message for the occasion. He chose as the basis for his discourse several verses from the 7th chapter of Revelations but more especially the passage which says, "These are they which came out of great tribulation and have washed their robes and made them white in the blood of the Lamb."

Mr. Farnsworth referred to the many years of earnest, faithful and genuinely successful work that had been carried out on the many charges throughout the Bay of Quinte Conference by Mr. Knox since he was ordained into the ministry away back in 1895. He was then a young man but he had the courage of his convictions and never wavered in his support of what he considered the right. Even after he retired from the active work of the ministry, he still carried out duties where he felt he could still be of service. He made his home in Belleville after retirement and he became a familiar and welcome visitor to the General Hospital where he called almost daily and looked up scores and scores of patients, who were cheered by his kindly presence and friendly greetings.

Three of the grand old hymns of the church were sung during the service—"Rock of Ages," "Jesus Lover of My Soul," and "Abide with Me."

William E. Colclough, of Belleville, an intimate friend of Mr. Knox, sang with fine expression the solo, "The Gentle Shepherd."

Miss Sarah Knox the last surviving member of the immediate family of Mr. Knox, was present at the service, and though she has now reached the remarkable age of ninety-three years, she is still in full possession of her faculties and was able to hear the comforting words of Mr. Farnsworth's message.

Four nieces were also present at the funeral. They were the daughters of the late Mr. and Mrs. John Wesley Alcombrack, of Huntingdon township, later of Stirling village. Mrs. Alcombrack was an older sister of Mr. Knox. The four nieces were Ada, now of Trenton, (Ella) Mrs. Herbert Bush, of River Valley; Mrs. Sarah Hockey and Mrs. Arthur Hulin (Bertha), of Stirling.

Interment took place at Stirling cemetery. The pallbearers were: Wm. E. Colclough, T. Colclough, John G. Shaw, Jas. N. Hudgins, G. W. Tucker and J. O. Herity.

Prior to removal of the body to Stirling, a brief service was held at the Martin Funeral Home at Belleville. The service was conducted by Rev. J. A. Dilts, pastor of Holloway Street United Church.

REV. DONALD A. MCKENZIE

Rev. Donald Alexander McKenzie, retired Presbyterian minister, who died in Cobourg last Saturday, was buried on Monday at Centreton, after service at St. Andrew's Presbyterian Church. For the past 15 years he had been retired, but had served as a supply preacher on frequent occasions. He was born at Centreton in 1866 and received his earlier education there, later attending Queen's University. He was married in 1900 to Alice Johnston, who died in 1936.

Surviving are six brothers, Thomas, Montreal; Johnstone of Centreton; George of Toronto; Archibald of Coborne; Charles of Lakeport, and Roland of Cobourg. Another brother, James, died in 1942.

Rev. McKenzie was a former minister of Burnbrae Presbyterian Church and was well known in Stirling and district.

In Hymen's Bonds

PITCHER-MAYBEE

A pretty wedding was solemnized on Saturday, Sept. 8, at 2.30 p.m., by Rev. H. H. Lackey, when Vera Irene Maybee, Frankford, daughter of Mr. and Mrs. Manley Maybee, and William Henry Pitcher, Frankford, son of Mr. and Mrs. Harvey Pitcher, were united in the holy bonds of matrimony. The wedding was performed in the bride's home under an arch of cedar boughs, beautifully entwined with flowers. The rooms were decorated with pink and white crepe paper and summer flowers. The wedding music played by Miss Helen Way blended fittingly with the occasion and Mrs. H. H. Lackey rendered the delightful solo "Always."

The bride was a picture of girlish loveliness in her floor-length gown of white sheer over taffeta with shirred bodice and with flowers appliqued around a sweetheart neckline. Her fingertip veil fell in soft folds about her shoulders and she carried a bouquet of red roses.

Miss Bernice Way, Trenton, made a charming bridesmaid, choosing a floor-length gown of pale blue taffeta with sweetheart neckline, shoulder length veil and matching headpiece. She carried a bouquet of pink roses.

CARD OF THANKS

Miss Sarah Knox wishes to thank all for kindnesses and sympathy during her recent bereavement in the loss of her brother, the late Rev. J. D. P. Knox.

Polite Miss Janet Baker, Oshawa, was a darling flower girl, frocked in a floor-length gown of dusky rose taffeta trimmed with velvet.

Mr. Harold Pitcher, Frankford ably supported his brother as groomsman.

The groom's gift to his bride was a handsome cheque and a floor lamp and mirror. The bridesmaid received a dresser set; the flower girl, a lock- et; the groomsman, a ring with Orange Lodge symbol; the pianist, earrings; the soloist, a relish dish; the ladies waiting on table, relish dishes.

Following the ceremony, a reception was held with the bride's mother receiving the guests, attractively attired in a black crepe ensemble with black accessories. The groom's mother assisted the bride's mother in the receiving line and was charmingly frocked in a two-piece powder blue crepe with black accessories. Later the bridal couple left on a wedding trip to points west, the bride donning a two-piece turquoise wool suit with black accessories. Upon their return they will reside at the home of the groom, Murray Township.

Waiting on the table were Mrs. Byron Harder, Mrs. Ernest Anderson, Miss Helen Way, Miss Mary Gould, and Misses Shirley and Pauline Westlake.

Out-of-town guests present were from Belleville, Oshawa, Stirling, Trenton, Smithfield, Wellington and Toronto.

CARROLL-HALPENNY

At an evening ceremony in St. Paul's United Church, Aylmer, on Monday, Sept. 10, Miss Elizabeth Halpenny, daughter of Mr. and Mrs. D. M. Halpenny, Aylmer, (formerly of Stirling), was married to Lieut. Kenneth Irving Carroll, CDC, Halifax, son of Mr. and Mrs. W. I. Carroll, Mitchell. Rev. Harold C. Vernon officiated, assisted by Rev. Lynden C. Lawson.

A princess gown of white slipper satin with long train was worn by the bride, whose father gave her in marriage. Her long veil was of lace and net, and she carried a white satin-bound Bible with stephanotis streamers. Miss Doris Breen of London, groomed in gold taffeta, was maid of honor, and Miss Dorothy Johnson, Toronto, and Miss Ruth Speirs, Mount Forest, were bridesmaids, wearing moss green, small matching head-dresses held with shoulder veils, and they carried roses and gladioli. Mr. John Halpenny was groomsman, and the ushers were Mr. Philip Reid and Mr. Glenn Carroll.

After a reception at the home of the bride's parents, the couple left by motor for the Georgin Bay.

MANAGE WEEKLY NEWSPAPER TO THE EDITOR

To the Editor,— Since the minds of our people just now are full of thoughts of our returning men, some have already, some longing to get home, and some never to return, it is quite time we considered some fitting memorial.

The feeling of the people of Canada has not changed since the last Great War, except in that we have come to believe that building the lives of our youth is infinitely more important than building memorials of wood or stone. We hear everywhere of communities deciding to make their memorials something that will at once remember the sacrifices of our men who served in the forces and also advance the interests of these men and our teen-agers too, here at home.

What the Village of Stirling needs most urgently is a recreation centre for our youth. We older citizens have our bowling club, but the younger generation, whose needs are definitely more critical, have nothing to occupy their spare time. Why not secure a recreation centre, with small club house, providing showers and toilet, and at least two tennis courts, dedicated to our returned men.

In talking with a number of our citizens, I have found that this idea is already being considered favorably. Now is the golden opportunity. Let us act at once and make our returning youth feel that their best interests are our most vital concern.

Yours Sincerely,
P. V. Helliwell, M.D.

A man stretched out in the street, ignored by passersby, was spied by a woman who had just had her fifth lesson in a first-aid course. Whipping off her coat she began to give the man artificial respiration.

He looked up at her and said, Lady, that's very nice but would you mind letting me put this 'wire down the munhole'?"

Varied Programme Presented At Annual Fair Held On Tuesday

Splendid Exhibits In Various
Classes — Good Mid-
way — Rain Affects Crowd

In spite of rain which fell intermittently throughout the day, the annual Fall Fair, under the auspices of Stirling Agricultural Society, held on Tuesday was one of the best in many years. A varied programme was offered the large crowd of fair patrons by President Ewart Bailey and the directors and many compliments were heard on its excellence. Had the weather been ideal there is no doubt but that the attendance would have broken all previous records.

Trials of Speed

The programme in front of the grandstand was one of the best in years, with the committee offering two harness races, a 2.25 classified race and a Free-for-all, as well as bicycle races and a running race. A muddy track made the going heavy but some close finishes were witnessed. In all some twenty race horses were on hand but owing to track conditions only seven started. Ross Turley, of Frankford, acted as starter. The results were as follows:

Free-for-all

In the Free-for-all, four horses were entered with Sunny Boy, owned by Waples, of Victoria Harbour, taking the lion's share of the purse. Matt McKinney and Bracken Boy, both owned by Waples, and Armadale, owned by C. Garrison, of Frankford, were the other starters.

Sunny Boy 3 1 1
Armadale 2 3 3
Matt McKinney 1 2 2
Bracken Boy 4 4 4

2.25 Class

The 2.25 class had three starters, Roman, a trotter owned by Waples, of Brandon, Man., Worthy Frisco, by Le Blanc, of Earlton Junction, Que., and Mildred Hal by Tommy Roy, Trenton, Roman (Winner) 1 1 1
Worthy Frisco (Le Blanc) 3 2 3
Mildred Hal (Roy) 2 3 2

Running Race

There were six starters in the running race with best two out of three half-mile heats, "I Remember", owned by R. Boyce, of Cannifton, outran all opposition to take the race in two straight, while "Wise Crest", also owned by Boyce was second, and "Little Eva", owned by N. Bassett, Trenton, was third.

Bicycle Races

Boys, 15 years and over—1st, Gerald Bush; 2nd, Jack Bush; 3rd, John Reid.

Boys, under 15—1st, G. Garfield; 2nd, D. Wannamaker; 3rd, G. Ellen.

Girls, under 15—1st, Frances Morrison; 2nd, Shirley Elliott.

Tug of War

A team of farmer stalwarts from Rawdon Township proved too much for the Sidney boys in a tug of war with the former taking two straight "pulls" from their opponents. The same two teams were scheduled to hook up in a softball game but inclement weather prevented.

Nail Driving Contest

A new feature on the programme was the ladies' Nail Driving Contest with Mrs. Thos. Elliott, Moira, winning first prize; Mrs. Thompson, second; and Mrs. Milton Reid, Stirling, third.

Horse Drawing Contest

The horse drawing contest drew four entries with Leo Fry, of Campbellford, being the winner. W. Scott, also of Campbellford, won second prize, and J. Morrison, of Stirling, third.

The guessing contest on the weight of a horse was won by Russell Stapley, of Halloway.

Black and White Day

One of the features of the Fair was the Black and White Day exhibit sponsored for the sixth consecutive year by the Hastings County Holstein Friesian Breeders' Club in conjunction with the Stirling Agricultural Society. One hundred and thirty-two entries were made in this class alone, including some of the finest cattle ever shown in this district. Although the Holstein exhibit was a feature the other breeds were also prominent with Elmes Wood, of Crookston, and Geo. Jarrell & Son, Cannifton, being the main exhibitors.

To Organize Wolf Cubs

All boys between the ages of 8 and 12 years interested in Wolf Cubs are asked to attend a meeting at the High School at 4 p.m. on Friday. Mr. Harold E. Baker will act as leader and a good attendance of boys is hoped for.

DEFEND TROPHY

Messrs. A. Livingstone and F. R. Mallory retained their right to hold the "Patterson Challenge Trophy" on Friday night last when they defeated Mrs. Earl Fox and R. Hermiston by a score of 13-10.

Tag Day Nets \$160.56

The Tag Day for the Blind held here on Saturday last met with a generous response, with collections amounting to \$160.56. Mrs. F. W. Houchin was in charge and wishes to express her sincere appreciation to the girls who assisted and all those who contributed.

Horse Exhibit Large

Exhibits in the horse classes were the largest in the history of the fair, many splendid teams being shown, both in the heavy draught and agricultural classes. Horse exhibitors included Harold Johnston, of Stirling; Elmer Sandercock, of the Hastings County Home; Earl Bush and Earl Bonsteel, of Sidney Township, Sawyer-Stoll Lumber Company, Kaladar; Wm. McComb, Wm. Chambers, Stirling; L. J. Thackeray, Rosemeath and A. Raycroft, Warkworth.

In sheep and swine, Don Heath and R. K. Garbutt were the main exhibitors while W. H. Patterson, of Stirling and Clem Ketcheson, of Sidney, were prominent in the roots and vegetables.

Prominent competitors in the ladies' work division and the domestic science branch included Mrs. Ken Weaver, Miss Gena Spry, Stirling; Mrs. Cross, Mrs. L. E. Bryant and Mrs. G. R. Putman, Wooten.

Cheese Exhibit

A large increase was noted in the cheese show with twenty-one cheese being on exhibition. Prominent among the exhibitors were Thos. Heath, Ken Kingston, Blake Johnston, Harold Elliott, Thos. Sales, Les McKeown, J. Hall and Murray Heath.

School Classes

The display in manual training, Household Science and Art in the main building by the pupils of the Stirling Public School was a particularly fine one and many favourable comments were heard on it.

The usual mid-way was present with the Merry-go-round receiving a liberal patronage from the children.

Baby Show

The baby show held in the agricultural building was a high point of interest for members of the fair sex with a record entry being seen in both classes. In the 7-12 months' class, Patricia Thompson, daughter of Mr. and Mrs. Don Thompson, Stirling, took first honors, with Wenda Neal, daughter of Mr. and Mrs. L. E. Neal, Marmora, winning second and Linda Morrow daughter of Mr. and Mrs. Harry Morrow, Stirling, taking third place. Winner in the six months and under class was Harold Bateman, son of Mr. and Mrs. W. Bateman, Tweed, R.R. 1, with Douglas Holt, infant son of Mr. and Mrs. Jim Holt, of Stirling taking second. David Bruce Murray, son of Dr. and Mrs. Murray, of Stirling, placed third.

Concert in Theatre in the Evening

Stirling Theatre was filled to capacity for the Variety Show staged by Russ Creighton and his entertainers from Toronto, featuring dancers, magic, singers, acrobatics and instrumentalists. The programme met with an appreciative response from the audience and this group of artists will be welcome in Stirling at any time.

As a climax to the day's activities a dance was held in the Community Hall, with music furnished by Russ Creighton's Dance Band.

(A list of prize winners will appear in next week's paper)

Remembered By Neighbours

About fifty friends and neighbours gathered at the home of Mrs. Jas. Currie and Miss Mae Currie, on Friday evening to spend a social time with them prior to their departure to reside at Oak Lake. Mr. J. L. Good acted as master of ceremonies for a short programme, consisting of community singing led by Bob Patterson with Mrs. Harold West at the piano; reading, by Mrs. W. T. Elliott; piano solo, Mrs. H. West; selection by Bob Patterson on the auto-harp and harmonica and short addresses by a number of those present. During the evening Mrs. Currie and Mae were each presented with a nosegay in which a purse of money was concealed, by Miss Della Caldwell, and an illuminated address read by Mr. H. E. Hullin. A farewell message, suitably inscribed by Rev. T. F. Townsend, was also presented by Mrs. T. F. Townsend.

Both Mrs. Currie and Mae suitably replied, following which refreshments were served and a social hour enjoyed.

ATTEND TOURNAMENT IN BELLEVILLE

Two rinks of Stirling bowlers attended the Men's Trebles tournament held in Belleville, on Wednesday. Those attending were Messrs. A. Livingstone, A. Brooks and F. R. Mallory, skip; and Thos. W. Solmes, W. T. Elliott, and Dr. E. A. Carleton, skip.

Shower For Couple Well Attended

About a hundred friends and neighbours gathered at the home of Mr. and Mrs. Sheldon McIntosh, on Friday night, to shower their son and his bride with all the good wishes that accompany them on their journey through life together.

Mr. Jack Donohoe capably acted as chairman. Mrs. George Heasman led the group in some community singing. After the bride and groom were given seats of honour, Mr. Edward Heasman read an address from the community and Don and Madeleine were presented with a beautiful coffee table and glass tray. Mr. Ernest Carr read the address on behalf of the "Noisy gang" and Freddie Donohoe presented the bride and groom with a smoker set and two wall pictures. Don and Madeleine thanked all for the lovely gifts and invited one and all to call on them in their new home at any time.

Some of those present were called upon to give a few remarks and express their good wishes and give some advice to the newlyweds.

Mr. Park delighted the crowd with a reading. Mrs. Chard also recited Edgar Guest's, "It Takes A Heap O' Living."

A bountiful lunch was served and all enjoyed a social half hour. To the music of Mr. Roy Eggleton's violin, some enjoyed a good old-fashioned square dance until the wee small hours of the morning.

School Board Authorizes Purchase of Additional Shop Equipment

Emergency Reserve Nursing Class

Emergency Nursing Classes will commence in Stirling High School, on Wednesday, October 3rd, 1945, at 8:15 p.m.

Mrs. J. C. Sills, Reg. N., of West Huntingdon, will give a short lecture. Mrs. Ed. Gorman, R.N., will again act as instructor for the course.

Escape Serious Injury When Scaffold Falls

Ed. Bateman and Rills Herrington, both of Springbrook, miraculously escaped serious injuries Wednesday forenoon, when a scaffold on which they were standing collapsed, throwing them to the ground, a distance of approximately 18 ft. They were engaged shingling the roof of Mrs. Geo. Bailey's residence, Front St., when a scantling supporting the scaffold broke.

Bateman suffered a bad gash in his ear, and Herrington was injured about the head and chest. Both men were able to return to work after receiving medical attention from Dr. E. A. Carleton.

ASSISTED IN DEVOTIONS AT MARMORA

Rev. S. Lesage, of St. James' Church Stirling, assisted in the evening devotions at Sacred Heart Church, Marmora, on Sunday.

At Deanery Meeting

Among those from Stirling attending a meeting of Hastings County Deanery held in Madoc on Tuesday, were Messames Hiram Rodgers, B. Alger, G. Cottom, C. C. Brazill, A. S. McConnell, P. V. Helliwell, Rev. C. C. Brazill, Mr. and Mrs. Earl Morrow and Mr. and Mrs. A. Collings.

Hasty P's Sail For Home

Members of the Hastings and Prince Edward Regiment were included in army personnel who sailed for Canada aboard the Ile de France, 40,000-ton troopship, from Southampton, Eng., on Wednesday. The former French Auxiliary liner is expected to arrive at Halifax late Monday.

Appointed To Regional Committee

J. C. Sills of West Huntingdon, has been appointed a member of the Regional Office Committee, The Veterans' Land Act, at Campbellford, Ont. A veteran of the last war and an experienced and competent farmer, Mr. Sills should fill the office most capably and his many friends throughout the district will join in congratulating him on his appointment.

Ministerial Assoc'n Elects Officers

Central Hastings Ministerial Association held its annual meeting in St. John's Chapel, Stirling, at 2.30 p.m., on Monday.

In the election of officers, Rev. Mr. Ball, of Madoc, was chosen as president; Rev. T. F. Townsend, Stirling, vice-president; and Rev. C. C. Brazill, Stirling, sec-treas.

Rev. Major F. A. Smith, of Trenton, was the guest speaker and told of his experiences as chaplain while serving on the Spitzbergen expedition and in Italy.

Following the meeting Mrs. C. C. Brazill served afternoon tea at the Rectory, with Mrs. W. H. V. Walker pouring tea.

Ivah Thain and son, Garnet, attended the miscellaneous shower for Mr. and Mrs. Wm. Pitcher, at the home of the bride's parents, Mr. and Mrs. Manley Mayhew, Frankford, on Thursday evening last.

Night Classes For Junior Farmers To Be Arranged— 128 Pupils In High School

The purchase of additional shop equipment, including a wood lathe, combination wiring, burring and turning machine, brake, etc., was authorized by the Board of Education at its regular meeting on Monday night.

In making his request for the equipment, principal Wells displayed a number of articles that might be manufactured by its use and pointed out that the Inspector had recommended that it be purchased.

The attendance at the Public School was reported by principal Wells as 174.

H. L. Fair, Agricultural Representative, addressed the Board concerning the carrying on of night classes in shop work for Junior Farmers. Last year's classes had proven popular with the boys, and they were anxious that the course commence as early in November as possible. On motion of Messrs. C. I. Hatton and Tompkins, the Board agreed to sponsor the classes at a tuition fee of \$5.00 per pupil, the matter of the number of pupils and time allotment to be arranged by Principal Wells and Mr. Fair.

The matter of providing a course in home economics for the girls was discussed and a committee of Messrs. C. I. Hatton, R. A. Patterson and C. E. Macklin appointed to investigate.

Principal J. L. Good reported an attendance of 128 at the High School, 89 (or 69%) form the county and 39 from the village.

He also presented a list of books and music supplies required. Achievement Day was planned for Friday, October 5th, when the work of the pupils in Agriculture and Home Economics would be on Public display, stated Mr. Good.

On motion of Mr. J. B. Belshaw and Dr. E. A. Carleton, "A History of the Canadian People" was authorized as a text book for Grade X Canadian History.

The matter of the attendance of pupils and teachers at the official welcome to the Hastings and Prince Edward Regiment in Belleville was discussed and permission was given Principal Wells and Good to dismiss school for this purpose.

Reporting for the property committee, Mr. J. B. Belshaw stated the eave-troughing had been repaired and lumber for the repair of the fire escape at the public school had been purchased.

Mr. Belshaw also made a request for Mrs. E. Gorman for use of the Home Economics room for the Red Cross Nursing Class. This was granted on motion of Messrs. Hatton and Belshaw.

A communication was tabled from Inspector A. McGuire and on motion of Messrs. Belshaw and Patterson was received and filed.

The following accounts were presented for payment by H. R. Tompkins, chairman of Finance.

MORE DITTY BAGS NEEDED

• We guess that most of our readers are looking forward to an especially good Christmas this year—practically everyone—except to those for whom it will be an anniversary of sorrow, through war's effects, and to them we extend our sympathies. While we're preparing to enjoy ourselves in this first peace-Christmas let's not forget the scores of thousands of men in the merchant marine and some thousands in the Navy who will spend Christmas at sea or away from home. A filled ditty bag, sent by you, through your nearest Navy League branch will help these men. Secure your empty ditty bag now and fill it, will you?

SALVAGE YOUR CLOTHES—TO SALVAGE THEIR LIVES

• Salvation for millions of suffering war victims is to be found in the closets, attics, drawers and trunks of the Canadian people. Discarded clothing—outgrown, outmoded, long-forgotten and unworn, can bring untold relief to the stricken people of war-ravaged lands—millions of whom are literally naked. A concerted drive is now under way, by the National Clothing Collection for the relief of war victims, to make it easy for you to give help where it is most needed.

In Europe alone, 125,000,000 men, women and children, 30,000,000 of them children, are in dire need of aid. When the ruthless Nazis overran defenseless countries, they left destruction and desolation in their wake. Many of their hapless victims were left only with whatever clothes they happened to be wearing. These meager coverings have long since worn threadbare.

Reports that have come out of war-devastated countries are heart-rending. Confirmed stories tell of countless deaths due to exposure.... of seven people sharing a single shirt.... of feet wrapped in newspapers for lack of shoes.... of children ravaged by illness and disease due to inadequate clothing for their emaciated bodies. All are in desperate need of clothing, shoes and bedding. Unless these needs are filled, the indiscriminate visitations of weather will take a greater toll of human health and human lives.... adding to the huge total attributable to sadistic oppressors.

These people are our friends and allies. By extending help to them now, we not only give them warmth of body, but also the inner warmth of heart that comes with the knowledge that they have not been forgotten. By helping them, we help ourselves.... for with adequate clothing and regained self-respect, these fellow citizens can go on to rebuild their part of a war-shattered world.

The drive is set for the period of October 1 to 20. Go to it now. Pack your contributions in a bundle so that yours will be ready when your neighborhood receiving center opens. Durable, wearable clothing; shoes; clean used blankets; infants' and children's wear; knitted caps.... everything usable will be welcomed as heaven-sent!

NATIONAL IMMUNIZATION WEEK

• National Immunization Week sponsored by the Health League of Canada, in co-operation with health departments, will be held this

year from September 30th to October 6th. Its purpose is to stress the importance of preventing communicable diseases such as diphtheria, scarlet fever, whooping cough and smallpox, which take annual toll of Canadian children.

Deaths in Canada in 1944 from diphtheria, whooping cough and scarlet fever totalled 758, it is revealed in figures supplied by the Dominion Bureau of Statistics.

This was lower than the 1943 death toll of 803, but still far too high for this day and age when there are available effective immunizing agents against these diseases.

Immunization against diphtheria can be obtained through use of harmless but effective toxoid. Whooping cough vaccine provides protection in more than 80 per cent of those treated and, in cases where the disease occurs after vaccine has been given, the cases are much milder. Scarlet fever's immunizing agent is a toxin. It has not been perfected as has diphtheria toxoid, but it gives 80 per cent. protection.

Immunization through vaccination has practically wiped out smallpox in Canada so there appears to be no reason why the same result cannot be accomplished with diphtheria, whooping cough and scarlet fever.

URGED TO CONTINUE THEIR WORK

• Using the slogan "Six Years for War—Six Months for Peace", Mrs. Clara McEachren, National Chairman of the Women's War Work Committee, because of mounting relief needs in Europe, Britain and the Far East, today issued an urgent call to all Red Cross women workers throughout Canada to stay at their posts or "on call for at least another six months."

Gratefully recalling the contribution made by the women of Canada to the Society's war effort, Mrs. McEachren expressed her confidence that these women who made over 45,000,000 Red Cross supplies and comforts for the Forces and Civilian Relief during nearly six years of war, would not stand by and let millions of destitute people in Europe suffer this winter for want of their help.

Mrs. McEachren stated: "There is a feeling abroad that because the war is over, the work of the Red Cross is completed. This is definitely not the case with Women's War Work of the Canadian Red Cross Society.

"We are rejoicing in the return of our men, but the cause for which they fought and for which many died could be imperilled by our failure to bear our share in healing the wounds of war-scarred Europe. We cannot individually send them many of the things required, but we can, from materials in our possession make warm garments and hospital supplies. A year from now will be too late. This winter is when women in Red Cross workrooms and in their homes, can help bridge the gap between the cessation of hostilities and the re-establishment of European industries.

"Great Britain, too, with its self-imposed, Spartan programme, still needs our help. In addition, Red Cross must hold itself in readiness for possible further calls for assistance for Repatriates from the Far East.

"The women of Canada have given Red Cross six years for war. We ask them to give six months for Peace."

LATE DANIEL FROST

Death came suddenly to a well known and highly respected citizen of the village on Wednesday at Westwood, when Daniel Frost was stricken with a heart attack while attending the wedding of his grandson. Although he was known to be suffering from a heart condition for several years, Mr. Frost's sudden passing came as a distinct shock to the community and his loss will be keenly felt by a wide circle of friends.

The late Mr. Frost was born in Rawdon township sixty-eight years ago, the son of the late Mr. and Mrs. William Frost. He was married to Miss Ethel Beatty, who survives him, and together they resided on a farm in Murray township. Twenty-five years ago they moved into Frankford and have resided here ever since, although spending the warm season at their summer home at Crowe Lake.

Three children were born to Mr. and Mrs. Frost, a son, Leslie, a well known resident of Murray township, a daughter, (Theda) Mrs. Clarence Jacques of Montreal. Another daughter, (Neva) Mrs. Maurice Herrington, died five years ago.

Two sisters, Mrs. Jessie Barlow of Bonarlaw and Mrs. Frank Flindall of Smithfield, also mourn his loss together with seven grandchildren and one great-grandson. Two sisters and one brother predeceased him.

The funeral was held on Saturday afternoon from the United Church to Frankford Cemetery for interment.

Questions and ? Answers

This column is sponsored by the Regional Office, Wartime Prices and Trade Board. Questions on price control, ration regulations and other Wartime Prices and Trade Board rulings should be mailed to the Information Branch, Wartime Prices and Trade Board, Victoria Building, Brockville.

Q. Where do I take "short leave" ration cards that my son left when he was home on his last leave?

A. Take them to your nearest local ration board.

Q. Our sugar ration has been cut by five pounds, yet restaurants seem to have plenty. I was in one the other day where the waitresses handed me a bowl of sugar, and just left it on the table for me to use as much as I wanted. Is this in keeping with regulations pertaining to serving sugar in public eating houses?

A. It is against the regulations to have sugar bowls or dishes on a table or any other place accessible to customers. You should report any restaurant that is violating the regulations. Of course, the restaurant is unwise to be lavish with its sugar. Restaurants receive sugar rations, too, which have been heavily slashed this year. At the first of the year public eating establishments received a 10 per cent reduction. When a restaurant has used up its quarterly quota of sugar, there is no way that they can receive a further allotment.

Q. Would you tell me if I have been allowed ten pounds of sugar for canning? I do not remember getting any special coupons for this sugar.

A. Every ration book holder in Canada is entitled to ten pounds of sugar for canning. The last of the coupons for this purpose became valid on the 19th of July. Twenty preserves coupons, each worth one-half pound of sugar, were allotted for this purpose. This allotment was over and above the regular preserves ration. These coupons are still valid and will remain so until declared otherwise by the ra-

tion administration.

Q. I would like to rent a furnished house. Must the landlord have the price set the same as on an unfurnished house?

A. The rental must be fixed on a furnished house. The owner should apply to the nearest rentals officer of the Board. An appraiser will inspect the house and establish the maximum rental which may be charged.

Q. I paid a deposit on the rent of some unfurnished rooms. Three days later circumstances arose which prevented me from taking the rooms. Can I claim the return of deposit or part of it?

A. Rentals regulations do not cover such situations as this. When you place a deposit on rooms to hold them until you move in, it prevents the landlord from renting them to anyone else. The deposit is actually paid to the landlord for the privilege of holding the accommodation, as his part of the bargain. It is unlikely that you would have any legal claim for return of deposit.

Q. Since we no longer require materials for the making of uniforms for service people why do we hear so much about shortages of materials particularly of men's suits and shirts?

A. It is quite true that there has been a great reduction in the amount of material required for uniforms and other clothing for service people. Now that peace has come we must meet other needs such as relief for the peoples of Europe. There are thousands of returned servicemen buying suits and shirts at the present time. They are being given priority to enable them to have a chance to acquire a civilian wardrobe. Naturally this will cause some shortages in certain lines until all their needs have been met.

Norwood Man Gets 10 Years

An Assize Court jury last night deliberated several hours and reduced a murder charge of Ernest Graham, 39, of Norwood, to that of manslaughter and he was sentenced to ten years in Kingston Penitentiary.

He was tried in connection with the death of his 35-year-old mother, Mrs. Matilda Graham, of Norwood. She was found in the backyard of her home early on the morning of August 1 last, and she had numerous wounds and was covered with blood.

During the trial, Mrs. Lillian Smith, of Norwood, testified of being at the Graham home and of consuming whiskey and beer Graham had there. She told of the mother falling to the floor while going for matches after the lamp had gone out and of being unable to make the son realize his mother had fallen.

Witness said she crawled from the house on her hands and knees because she feared a beating from Graham. She said she left the aged woman on the floor and ran to the home of a neighbour.

Detailed evidence of the terrible beating the aged woman had received was given. Dr. C. B. Waite testified that a post-mortem had shown no evidence of alcohol in the dead woman's stomach.

Included in the police evidence was that Graham made a statement shortly after the tragedy and had said he had no recollection of anything from when he was standing in the kitchen doorway with two bottles of beer until sometime later when he saw a doctor at the house.

WHEN THE BOYS COME BACK TO THE FARMS

They'll probably want telephone service, if they didn't have it before. War has taught a lot of those in uniform—and their parents, too—to rely on telephones more than ever.

Our plans are ready to make rural telephone service in Ontario and Quebec available to a greater number of users in the post-war period.

Much of the preliminary work already had been done when war interrupted the program extending rural telephone service. We intend to resume it as soon as the necessary materials and manpower are available.

Perhaps this woman reader is right. At any rate her statement and opinion are clear enough: "I do not agree," she said, "with spending millions on a national memorial at Ottawa and to extend over into Hull, until the men and women of this country who sacrificed in this most terrible of all wars, are provided with decent

homes and living conditions. Our slums should go first."

PREDICTS MILD FALL

A mild fall, which will see comparatively warm weather right up to Christmas is predicted by John Davidson, Fort Erie, North weather prognosticator. Mr. Davidson bases his prediction on cycles and recalls that 50 years ago there was a similar fall with black flies in Northern Ontario up to Christmas Day.

"Weather runs in cycles, and we really get a very average temperature through each year. The winter of 1945 was so late and so severe, we are bound to even up with a warmer temperature for the balance of 1946" commented Mr. Davidson.

FAST TIME WILL END WITH SEPTEMBER

The government has announced that all Canada will revert to Standard Time on the last day of September. The clocks of Canada, in company with those of the United States, will be turned back one hour, Sept. 30th, as war-enforced daylight saving time ends and the country returns to the prewar standard time system.

NEWS FOR THE BUSY FARMER

PLANNING FOR TOMORROW'S FARMING THE FUTURE BELONGS TO THOSE WHO PREPARE FOR IT

By: R. G. Knox, Professor of Animal Husbandry, Ontario Agricultural College

(NOTE—This is the first in a series of comments by well-known authorities, written expressly for the Weekly Press of Ontario)

It will be admitted that the achievements of the Ontario farmer, like those of his fellow farmers in other Provinces, during war years have exceeded all expectations. He has contributed to the supply of food for the people in the armed services, for the workers on the home front; has made a very worthy contribution to the food requirements of the United Kingdom; and is now doing his utmost to help prove the sincerity of the statement made by the Allies that when the people of Europe were liberated from beneath the heels of the Hun they would be fed better than they were under Nazi rule. All of this has been and is being accomplished under the handicap of limited manpower and a restricted supply of farm equipment.

Of this great volume of food of agricultural origin, the livestock producer has contributed the major portion. What with the sale of livestock and livestock products, Ontario livestock men can be given credit for approximately three-quarters of the revenue coming out of the farms in Ontario during 1944, when the cash income reached an all-time high. This increased production has automatically involved an increased use of livestock feeds, concentrates, grains, roughages, forage crops, pasture crops, milling by-products, and so on, so much so that there have been times when the demand for concentrates, protein-rich feeds and minerals exceeded the immediately available supply; but seldom has there been any serious shortage of the coarse grains which are used in the basal rations for Ontario live stock. The Ontario farmer, it is believed, has learned that economical production of livestock and livestock products is associated with the feeding of balanced rations and that the supplementing of protein-rich by-products, minerals and vitamins makes for the more profitable use of home-grown grains, roughages, succulent feeds and forage crops that may be produced on the farm.

The dairy cattle man has been afforded an opportunity as never before to correlate grain feeding with pasture management and with milk production. He appreciates the relationship between grain mixtures and quality of hay in a better way than he did before. The hog man of to-day is more conscious of the value of coarse grains, supplemented with proteins, minerals, and vitamins in the production of a hog that will yield a Grade A carcass than he ever was before. The same can be said to be true of our beef cattle and sheep men and our poultry producers. These different groups of people have learned that it is possible profitably to merchandise in volume the grains which are grown in Canada through the dairy cow, the bacon hog, the steer and poultry.

It has been clearly demonstrated that Canadian-grown grains can be used advantageously in the production of a quality product and, in anticipation of post-war markets, it becomes more obvious every day that if our

Canadian products are to be sufficiently acceptable on a world market as to command a profitable price, these products must be of the first quality. Furthermore, while in answer to the call the Ontario livestock man has demonstrated his potential power of production of considerable volume, it is presumed to suggest that, in preparing to cater to profitable post-war markets, quality and continuity of supply should take precedence over quantity, and so there must needs be a continuity of supply of grains for feeding purposes. Seasonal production does not lend itself to continuity of supply of livestock products, and this possibly has particular reference to bacon, poultry and dairy products.

One reads with considerable concern about the depletion of fertility on Ontario farms and about the extent of soil erosion. Because of these alarming conditions, plans are being laid for the making of extensive soil surveys and soil testing, with the obvious objective of enabling more intelligent soil treatment. While artificial fertilizers can and do have a very important place in the production of crops, they still continue to be a first and foremost place for barnyard manure, not simply straw that has been tramped down, but manure from livestock that has been fed grains, manure that is rich in plant nutrients as a result.

Mention has been made as to the imperative necessity to produce a quality product, and it has been stated that there has been sufficient demonstration that this can be done, but it can only be accomplished when our Canadian grains are fed to animals that have been bred for a specific purpose. Regardless of how well balanced a ration may be, it is not possible to produce a hog that will yield an A carcass if he is not of bacon type and conformation and at a proper weight when marketed, nor is it possible to have him ready for market at an age when the flesh will be sweet and tender, and at the same time have a desirable amount of back fat. It is not possible to realize a profitable return from a dairy cow that is not of dairy type as a result of an breeding program involving the use of desirable sires. It is not possible to produce a quality steer or lamb unless he has been bred for that purpose. It is not economically sound, nor will it ever be, to attempt to market our Canadian-grown grains through inferior live stock, and at this very time, because of the overseas demand for meat and meat products, there is afforded an opportunity to livestock men to profitably market inferior breeding stock. If it is disposed of at prevailing prices, and our efforts are concentrated on our bet-

ter livestock, it presents an opportunity for our livestock men, by helping other people who are hungry at the moment and who deserve food, to help themselves with respect to profitable post-war livestock production. This is the time to dispose of the boarders, the undesirable breeders, and otherwise unprofitable livestock. With further reference to a future livestock production program, this is the time to cull to the point where an investment in a good herd sire would be justified, when available at a non-inflated price, and in this connection the application of good livestock management costs money.

No doubt there are many farmers who to-day are laying plans for future activities when it is expected that there will be available the necessary help, equipment and material to carry out these plans. Such plans involve expenditure, and it therefore would appear to be good business practice to take advantage of the opportunity to invest present surplus revenue in Victory Bonds, with the knowledge that this capital will be available when needed.

Results Jr. Farmer Judging Competition

Some 125 Junior Farmers and girls participated in the various Junior competitions at Belleville Fair on Tuesday.

Prize winners were announced during the evening banquet at Holloway Street United Church with Mr. A. H. Martin, Assistant Director of Agriculture, giving out boys' winners and Miss Verna Bambridge of the Women's Institute Branch announcing results of the girls' competitions.

Guest speaker for the evening was Mr. J. Owen Herity, of the Belleville Chamber of Commerce who saw in the junior judging competitions a successful attempt on the part of the government departments to link up the school and the home. He paid tribute to Mr. H. L. Fair, agricultural representative for Hastings, whom he described as a true leader, a leader who leads without seeming to lead. As his topic for the evening Mr. Herity gave a travelogue on Mexico.

BELLEVILLE RECTOR IS COMMISSIONER

Is officially announced by the Right Rev. John Lyons, Bishop of Ontario, that Rev. Rural Dean A. Beauchamp Payne had been appointed Anglican Diocesan Commissioner for the Anglican Diocese of Ontario. This announcement is the first of its kind for the Diocese of Ontario.

Commissioner Payne will resign as rector of St. Thomas' Church in Belleville and also the Rural Deanery of Prince Edward, as his appointment takes effect around the middle of October.

Deer Season Opens Nov. 12th

Vagaries of autumn weather are the ban of deer hunters who seem every year to have some new grouch about the dates of the deer season. Warm weather brings a swarm of black flies and causes the venison to spoil, while late season brings a freeze-up and those who reach their camps by boat are frozen in.

In a determined effort to satisfy the majority, the Ontario Department of Game and Fisheries arranged that the season in the Parry Sound area would open on the first Monday in November and the season in the area south and east of Parry Sound would open on the second Monday. That means that the season in this district for deer hunting opens on November 12.

THE Electric METER Is for Your Protection

EVEN though your Hydro makes electricity available to you in Ontario at a very low cost, it is important that you pay only for the amount of power that you actually use. The electric meter on duty in your home, is your protection against paying for more than you consume.

Every one of some 800,000 meters in Ontario is tested and certified by a Dominion Government inspector at regular intervals to assure complete accuracy. Electric meters are among the finest of jewelled precision instruments : : : as constantly true as the finest watch.

For your protection, Hydro installs a separate meter, exclusively for your own

household. Having a meter of your own is the only possible way to be sure that you only pay for the electricity which you use. Imagine buying food from a merchant who weighs several people's orders at the same time, and splits the cost evenly regardless of the size of the order! You want your order weighed individually when you buy food. When you use electricity your meter assures accurate individual measurement.

Low cost Hydro service in Ontario offers amazing comforts and conveniences. For your protection : : : so that you will pay for only the amount of Hydro you actually use, a Government Inspected Meter is installed for your own household exclusively.

Rally Service

Mount Pleasant Rawdon Sunday School held their annual fall rally on Sunday with a good attendance. The service was based on "The Crusade for Christ and His Kingdom", and depicted "Christ and the Fisherman". Several baskets of gladioli, dahlias, Autumn blooms and foliage added to the setting. The Junior Choir sat in the choir loft and rendered a selection with Miss Lois Weaver as pianist. Mr. Ross Hoard, superintendent was in charge of the service, "In Guest of Others."

The Bible lessons were read by Mr. Jack Rose, Miss Marion Johnston and Mrs. Marguerite McMullen. Mrs. Frank Jeffs read the story of "The Two Searchers."

The offering which was nearly \$7.00 was gathered by Messrs. Ross and Ralph Jeffs. The pastor spoke briefly on the text, "I Go a Fishing." The evening service on Sunday, Sept. 30th, will be cancelled owing to nearby anniversaries.

WEST HUNTINGDON

Rally Service

A most helpful and inspiring Rally Service was held in the United Church, on Sunday morning. Mr. Alex McCurdy, assistant superintendent of the school presided in a very capable manner. A pleasing feature of the programme was the Junior Choir consisting of the Junior girls of the Sunday school.

In addition to contributing an Anthem, Miss Marilyn Fitchett gave a fine solo. Mr. Kenneth Stewart gave the special address and Miss Eleanor Wright gave the welcome address and Gerald Cooke, contributed a reading. Mr. Philip Carr offered prayer and Geo. Post and Don McCurdy gathered

the special offering. Mr. Arthur Wilson gave the closing address. W. M. S.

The September meeting of W. M. S. of the United Church was held at the home of Mrs. John Moorcroft and was the annual guest dinner meeting. Following the dinner, Mrs. Clayton Wright was assisted with a fine program by Mrs. Foster Wilson, offering Prayer. Mrs. Warren, of Eggleton and Mrs. John Wallace, of St. Andrews each contributing helpful readings.

Mrs. Ambrose Wright and Mrs. Sandy McCurdy provided the special music and Mr. Stewart gave the special address.

In the business period, Mrs. Sandy McCurdy was appointed delegate to the Sectional Rally to be held at Mt. Pleasant church in October. An invitation to hold next meeting at Mrs. Foster Wilson's home was accepted with Mrs. A. Wright and Mrs. Frank Ashley preparing the programme. Mrs. Baldwin Reid, closed the meeting with prayer.

BETHEL W. A.

The Bethel W. A. held a quilting and pot-luck dinner at the home of Mrs. T. Laycock with 20 ladies in attendance. In the afternoon a short devotional and business period was opened by the president, all joined in singing the Theme Song, followed by the Lord's Prayer. The Scripture Lesson, Psalm 100, was read by Mrs. W. Heath, and Mrs. T. McMullen led in prayer.

The minutes of the July meeting were read and accepted.

The quilt that was donated by Mrs. S. Elliott was sold for \$5.00.

It was decided that the Secretary should send a letter of appreciation to the T. Eaton Co. for quilt patches received. Some of these patches were cut during the afternoon, to be made into quilts for sale.

It was moved by Mrs. J. Warren and seconded by Mrs. K. Hagerman that Mrs. McMullen be paid \$1.00 for fruit that she had bought.

The building fund committee reported a sum of \$443.50 which had been collected.

The next meeting to be held at the home of Mrs. R. Welbourne in the form of a Halloween social, with Mrs. R. Shortt and Mrs. E. McKeown in charge of the programme and prizes.

It was decided that the Secretary should send a letter of appreciation to Mrs. Gummer for her kind donation (\$5.00) to the kitchen.

The president then read an invitation to the W. A. to attend the Presbyterian Sectional Rally to be held at Mt. Pleasant on October 19th. As many as possible were asked to attend.

Shur-Gain Essential
Minerals for Hogs

Throughout many sections of Ontario, where farming has been carried on intensively for many years, mineral deficiencies are becoming apparent in livestock. Particularly in hogs, mineral deficiencies are indicated by the following symptoms:

1. Chewing boards, bones, rubbish.
2. Stiffness, rickets, emaciation, poor growth.
3. Pigs born dead, hairless or weak.
4. Paleness and difficulty in breathing.
5. General unthriftiness.

SHUR-GAIN Essential Minerals for Hogs contain Calcium and Phosphorus, Iodine, Iron and Salt, in the correct proportions to eliminated the danger of deficiency diseases, and correct these symptoms, should they show up.

Backbone of Crisis

Contrary to popular impressions across this country, inquiries backstage in this capital have disclosed that rationing of food is still very much the principal topic of conversation amongst the nation's legislators, with a strong reaction remaining as a result of the confused situation which accompanied meat rationing. Indeed, in opposition to the meat rationing plan, it has been stated in Ottawa by some legislators that the confusion was due, in part at least, to the policy of a year ago in raising the floor price of wheat from 90 to \$1.26 per bushel, though allowing cattle and hog prices to remain at lower levels so that livestock producers in recent times had turned their efforts more to wheat production than hog or cattle production not unlike 1943 and 1944. In other words, it has been considered by some legislators that the policy of increasing wheat prices and not keeping cattle or hog prices on a parity was not as wisely required as meat. In fact, it is felt that meat rationing would not have been necessary under a different far-sighted policy.

Moreover, it is reported in Ottawa now that there is no intention at present on the part of the Government to consider any revision of the ceiling price of beef or pork in Canada in order to bring about an increase, though it has been claimed that this might have been a good move now to help in checking the current downward trend in hog or cattle population.

Slap at Scaremongers

Though there are now inevitable dislocations and considerable uneasiness amongst a great many Canadian workers resulting from abrupt cancellations of war contracts, including the sudden cancellations within a past month of about \$50,000,000 in war orders and the steady mustering out of the armed forces of thousands of men as well as women, yet Canada's Minister of Munitions and Supply and Minister of Reconstruction, Hon. C. D. Howe, has cautioned in no uncertain language that even in these testing times for reconversion plans there is absolutely no real cause for alarm over the employment situation in this nation as a whole as the authorities on Parliament Hill proceed to put into

execution a carefully arranged reconstruction scheme already outlined in an official "white paper" issued in Ottawa over one and a half years ago and disclosed in greater details at the last Dominion-Provincial Conference in Ottawa. "One thing that is abundantly clear is that there are at this moment two jobs for each and every applicant for a job", said in part this Minister. "Surely, this is not an unhealthy situation under the circumstances."

Hint of Retribution

A hint has been dropped in the House of Commons in Ottawa by Prime Minister King that the trial of Japanese war criminals is even at this time under consideration by the powers which had taken part in the war against the Japanese. In addition, it has become known in this capital that Canada, like the United States and Britain, has moved towards the preparation of cases for actual action in accordance with military procedure as well as the laws and usages of war by naming as head of a war crimes section at Canadian Military Headquarters in London, Lt.-Col. C. H. S. Macdonald, with this being done for the purpose of ultimate action against all accused of crimes committed against Canadian servicemen or civilians in World War II.

Canada's Peacetime Forces

Without so far fixing a definite number for these recruitments, nor the size of the force in any of the three armed services, it has been revealed in Ottawa that it has been authorized that recruiting in all three services shall be carried out for the creation of a so-called interim Canadian force. The term of enlistment is said to be for a period expiring on September 30, 1947 and these enlistments are being taken from those who are now in the services, with one of the principal reasons for this latter arrangement, it is frankly suggested, being to give those who are now in the services an assurance that for the next two years after the war these persons would have a definite engagement and they would be able to decide whether they had wanted or not to remain in the services after the conditions as well as size of the permanent forces became known to all. Then again, those who enlisted for this special term would receive particular consideration for enlistment in the permanent forces of Canada.

Flexible Finance

At the same time as information in Ottawa has shown that Canada's national defence and demobilization expenses this year will go as far as \$3,365,000,000 compared with \$4,450,000,000 last year for war and mutual aid expenditures, together with the civilian expenditures of \$1,020,000,000 last year, it should be understood that the Minister of Finance, Hon. J. L. Ilsley,

WILLIAM M. BIRKS of Montreal, National Chairman of the National Clothing Collection for Liberated Countries. The collection, sponsored by the Canadian United Allied Relief Fund on behalf of UNRRA, will be held from October 1st to the 20th, when it is planned to give Canadians an opportunity to bring comfort to the suffering millions in Europe by making this clothing collection their personal business. Canadians will be asked to give only such serviceable used clothes as they can spare without replacement. The garments will be distributed free to the people of the war-ravaged Allied countries under the direction of UNRRA experts. Committees will carry on the good work in every Canadian Community.

has stressed in no uncertain language in the House of Commons that expenditures as a result of the war as well as demobilization are still in too fluid a state to offer any desired itemized report. In other words, under the circumstances, it should be noted carefully that some of these statistics in government finances are not estimates in the strictest sense of the word or in the same exact sense of civilian statistics on finances, being nothing short of a guess with relative certainty only because it is absolutely essential to leave such expenditures in a fluid condition to be used as conditions warrant.

Aggressive Leadership

In a move to provide aggressive and younger leadership in the Senate, the Official Opposition in the Upper Chamber in Ottawa has caused a caucus to appoint Senator John T. Haig, 67-years-old Winnipeg lawyer, to replace in leadership of the Progressive-Conservative Party's twenty-nine Senators the seventy-eight years old Senator C. C. Ballantyne, who had act-

ed in this capacity for several years after the retirement of Rt. Hon. Arthur Meighen to contest York South in 1942. Senator Haig has been in the Senate since 1935 and he had been fifteen years in the Manitoba Legislature before coming to Ottawa.

Plans for Canada's Indians

Though the Indians of Canada seem to have considerable division amongst themselves since information in this capital has shown that there is now a "North American Indian Brotherhood" as well as a "National Indian Government" speaking for them to the officials, yet extensive provision have been made in Ottawa for their benefit, including 5,500,000 acres of land at their disposal, 15 hospitals for them, family allowances, 75 schools, and an expenditure by the Government of about \$12,000,000 for rehabilitation of the Indians throughout Canada in the near future.

Weekly-Wind-up

Ambitious plans for the beautification of Ottawa as a national war memorial has created a view in this capital that many cities, towns and villages across Canada should, perhaps, have more parks and open spaces as appropriate memorials of the same nature. . . . Right under the nose of the legislators in Ottawa and just a few hundred yards from Parliament Hill, farmers in this nation's capital have threatened not to bring any more meat to this city's market because they cannot see the need for the rationing meat policy during peacetime, holding that there was plenty of meat and no buyers with the necessary coupons, packing up their meat supplies on one occasion and leaving in disgust.

Lawyer: "Well, if you want my honest opinion—"

Client (Interruption): "No, no, I want your professional advice."

Customer: "A dozen eggs, please."

Grocer: "We have first grade eggs, second grade eggs, third grade—"

Customer: "Don't bother any further. Just let me have some that have graduated."

Customer: Have you a telescope that will enable me to see Mars?"

Clark: "Have we? Say, here's a telescope that's so strong you can tell two prize fighters apart while sitting in a dollar seat."

Hello, Homemakers! The quality of garden vegetables used in the winter time depends to a large extent on the method of storage. We recommend an insulated vegetable room in the basement. If this is impossible, use a root cellar or a pit specially made for the purpose of storing vegetables. For details of construction see the Dominion Department of Agriculture Bulletin No. 138, Household Storage of Fruits and Vegetables.

SUCCOTASH WITH CHEESE

4 cups lima beans, 3 cups corn kernels, salt and pepper, 1-2 cups medium white sauce, 1-2 cups grated cheese.

Combine the beans and corn and season with salt and pepper. Heat mixture thoroughly. Serve with sauce made by combining medium white sauce with grated nippy cheese. Yield, Eight servings.

BAKED STUFFED ONIONS

4 large onions, 1 cup sausage meat, 1 cup soft bread crumbs, 1-4 cup chopped onion pulp, salt and pepper, buttered crumbs.

Peel onions and boil uncovered in boiling salted water 30 to 40 mins. or until tender. Drain and cool and remove part of centres to make pulp. Mix lightly sausage meat, bread crumbs, onion pulp, salt and pepper. Fill onions with this mixture. Sprinkle with crumbs. Bake in an electric oven 350 degrees, 20 minutes.

POPULAR HAM SCALLOP

2 cups diced cooked ham, 2 cups diced cooked potatoes, 1-2 cup diced celery, 3 tbsps. peanut butter, 2 cups white sauce, salt and pepper, 3-4 cup soft bread crumbs.

Arrange alternative layers of ham, potatoes and celery in greased casserole dish. Melt the peanut butter in the white sauce and add salt and pepper. Pour over the layers of meat and vegetables and sprinkle with crumbs. Bake in an electric oven at 350 degrees for 35 mins.

TAKE A TIP

Vegetable Plates of Good Protein Value

1. Baked stuffed potatoes. Scoop out the centres and beat with a little warm milk, a gob of baking dripping and seasoning. Pack into skins and sprinkle with paprika and grated cheese and place under the broiler, just long enough to brown. Serve with cooked chard and cauliflower.
2. Scalloped turnips; breaded egg plant and sliced tomatoes.
3. Jellied vegetables with egg slices, pickled beets and boiled cauliflower.
4. Corn fritters, fresh lima beans, baked onions.
5. Stuffed peppers, fried green tomatoes, boiled carrots.
6. Creamed celery, spiced chard, string beans.

THE SUGGESTIONS BOX

Cheese and Cereal Casserole
2 cups cooked whole wheat cereal, 1 cup milk, 2 beaten eggs, dash of salt and paprika, 1 cup cubed cheese.

Mix milk, eggs and seasonings with cereal. Place half of it in a greased casserole. Sprinkle with half the cheese. Add remaining cereal and

cheese. Place in a pan of hot water and bake in an electric oven 375 degrees for 15 mins. or until cheese is melted.

Supper Dish of Creole Rice

1-2 lb. sliced mushrooms, 3 tbsps. shortening, 1 tsp. butter, 2 tbsps. chopped green pepper, 3 tbsps. minced onion, 3 tbsps. minced celery, 1-2 tsp. salt, 1 tsp. chili powder, dash of cayenne, 4 cups cooked rice, 2 cups stewed tomatoes.

Melt shortening in frying pan; add onion, pepper and celery seasoning and tomatoes. Cook until mixture is thick, about 20-40 minutes. Sauté mushrooms in 1 table-spoon of butter or dripping. Add to mixture. Add rice and cook until rice is piping hot. Serve with a sprinkling of parsley. Serves six generously.

Fish Loaf

2 cups salmon or other leftover fish (flaked) 1-2 cup fine bread crumbs, 1 tbsp. butter, 2 eggs slightly beaten, 2 tbsps. minced parsley, dash onion juice, salt and pepper.

Combine ingredients; pour into greased loaf pan and set in pan of hot water and bake in an electric oven 375 degs. for 45 mins. or until done.

MOLLY'S SON

BY HARRY M. MOORE

A Story of Harness Horse Racing in the Early 1900's
(All Rights Reserved)

CHAPTER XIII

Up to this point in the running of the 2.18 class at the Holmesville Speedway that late afternoon in July, the race had been fair and above board, with Molly's Son winning two of the heats.

But in that interval between the time the steaming horses were taken to the Big Barn to cool out and their return to the track at the call of the starter's bell, a noticeable change in the attitude of the drivers was apparent. No one will know what caused this change. It may have been the idle chatter that the race had been fixed to let the home town boy and his colt win. Or it might have been pressure brought to bear on the horse-men by the betting fraternity which had so far taken quite a beating.

That the other drivers were out to get him, Benny was to realize from the outset.

Several times the horses scored down and just as often were they sent back by an irate starter who complained that their drivers were not giving the pole horse and his owner their rights.

Unused to being crowded and headed off, Molly's Son soon became excitable and fretful. Pretty soon his glistening black coat was flecked with lather and Benny's arms were aching in their sockets from his efforts to keep the little stallion under control.

Finally the starter called the drivers to the wire and leaning over them he stormed:

"You've had your own way too much and too long. This time I'm telling you what you must do and if you don't do it, it's going to cost you real money. Molly's Son has the pole and I'm here to protect him. You're going away up that stretch, there you'll turn, and I'm going to tag a fifty dollar fine on the driver that comes down ahead of the pole horse. Gentlemen, you've heard me—now get up there!"

Benny Bannerman followed the horses up the stretch, saw that they were well up, and turned. Like a flash Molly's Son was on the move and picking up speed when Benny heard the beat of hoofs behind him. He didn't know it at the time, but Molly's Son had flashed under the wire a good length ahead of Santa Fe. He heard the "Go" of the starter, and Molly's Son was flying.

Behind him, Benny was soon to hear the angry cursing of the drivers. They were cursing the starter, they were cursing him. Without a backward glance he was aware they were driving full out and using the whip. He could think of nothing else at the time but a wounded deer being run down by a pack of hungry wolves.

Well out in front and pacing like a machine, Molly's Son ate up the track. Benny had timed him in .15 on this oval, so he knew what he could do. When the quarter slipped by in .31 and the half in .53, Benny realized that his little stallion meant to win, for this was the fastest time for the half in his young life.

Foot by foot and yard by yard, Molly's Son was belting out that mile, but as he approached the three-quarter pole just before heading into the stretch he appeared to weaken, and Santa Fe, who had been chasing him, closed up on him. A quick glance back and Benny saw Miss Dixie Ann and Birdie Bell waging a battle royal for the third spot.

Jaws set, Benny reined his horse around the turn for the stretch drive. Ahead of him, two hundred and two yards away, was the wire, the payoff. Could the little horse last? Could he make it?

At that moment his trend of thought was broken. Molly's Son seemed to go down head first while his rump came up bringing the bike with him. Benny was conscious of flying through the air. There was a sickening sound of horse's body against horse's body, a flash over him of something grey in color, the snapping of shafts, a sense of numbness in his right leg. And then something hit him a terrific blow on the side of his head. Followed unconsciousness.

The crowds jerked away from the rail and spewed out of the stand. There was a wild rush to the scene. Bill Moran, Horse McKenny, T. B. Telfer and Doc Brisco in the van. Of the five horses in that heat, Billy Bass was the only one that was not in the pile-up.

His clothing in shreds, blood streaming from his face, Toad Hart staggered from under horses and bikes. Bill Moran grabbed him. "In the name of God! man, what happened?" he said. "The little stallion dug in," Toad gasped, "and went down..... then my horse hit him and broke a front leg."

Which was all too true, as sometime later Doc Brisco mercifully put Santa Fe out of further misery.

But what of Benny and Molly's Son? They found Benny unconscious under horses and drivers and twisted and broken bikes. Dr. Ludlow, the village doctor, ordered the boy taken off the track and after making a hurried examination stated that Benny had suffered a broken right leg. The blow he had received on the side of his head, while severe, was not serious.

The doctor commandeered a motor car on the grounds and with T. B. Telfer and Pat Warren as company hustled Benny off to the city hospital twenty-five miles away.

In the meantime, Bill Moran and Horse McKenny turned in with Billy Warren to help Doc Brisco to the Big Barn with the injured drivers and their horses. Miss Dixie Ann and Birdie Bell were cut about the legs and bodies, but as Doc Brisco said their hurts "were too far from where they lived to do them any real harm."

Of the drivers, Toad Hart suffered the most. His nose had been broken and there was a deep gash in his forehead. Hap Kennedy grinned despite the loss of his front teeth, while Tex Ostrander passed off his hurts by saying, "This beats prize fighting all to hell!"

Meanwhile, up in the judge's stand the officials sat in judgment on the race. Only one horse could respond for another heat.

Molly's Son had limped to the barn, but it was not the old limp. This was a right front leg or foot injury that made Doc Brisco frown his brow and shake his head.

"What's the bad news?" Bill Moran demanded, and Doc Brisco came out of his reverie.

"Can't say until I examine him

thoroughly," Doc said. "It's in the pastern, maybe the first phalanx, and if it's broken, he's done."

"Poor Benny," sighed Bill Moran.

By this time the officials had arrived at a decision and the starter megaphoned the story. A story that was accepted in a painful silence.

"Ladies and gentlemen, as only one horse is fit to race another heat and he has been out of the money in the other three heats, and Molly's Son being the only two-heat winner of this class, your judges are awarding first place to Benny Bannerman who was driving a marvelous race until this unfortunate accident happened. A message from the Big Barn informs me that Molly's Son has been seriously injured and it is feared he will never race again. And while I am at it, I extend heartfelt sympathy to Mr. Toad Hart in the loss he has sustained in the death of one of this country's best pacers."

The "Eat" in Meat

Wherever meat is mentioned, rationed, rationing talk soon follows, for food buyers everywhere are scheming and planning how to be most ration-wise. Unless a shopper is diligent and plans each meal with care, by the end of the week her cupboard may be bare of meat.

A little knowledge of the "more-for-your-coupon" meat cuts and a glance at the rationing data, will better en-

able the cook to provide full-flavored and filling meat or part-meat dishes without robbing her ration book. For instance, short ribs of beef, cut in pieces and braised with tender-sweet carrots and potatoes make a savory oven meal, with little fuss or bother. Then too, one coupon will purchase 2 1-2 lbs. of rib meat and generously serves 6 to 8 people.

There's a lot of sausage in a coupon and a lot of ways to serve it up. When sweet potatoes, apples and sausage meat merge their juicy, spicy flavors, there's a dish for the eating on cool, autumn night—and tokens to spare.

Roast beef has been relegated to the part-time Sunday dinner list, and other meats must take its place. Lamb breast is a thrifty ration cousin befitting the family dinner table for this big meal of the week or any other day. It is cooked this way:

Stuffed Breast of Lamb

1 lamb breast, salt and pepper, 2 c. celery stuffing, fat, 1-2 cup water or stock.

Have pocket cut in lamb, season inside of pocket and fill with stuffing; sew or skewer edges of pocket and brown in fat. (Add water, cover pan closely and cook in moderate oven (350 degrees) 2 hours or until tender. Allow 1-2 to 3-4 lb. per serving.

Celery Stuffing

2 cups soft bread crumbs or cubes, 1-4 cup melted fat, 1-2 teaspoon salt, pepper, 1-2 cup minced celery, 1 tablespoon minced onion.

Combine ingredients and stuff lightly into meat, allowing room for expansion.

We had it before... LET'S NOT HAVE IT AGAIN!

The Worst Inflation came after the last war NOW is the Real Testing time ...

Victory has been won on the battle front—but we must not relax our efforts if we are to continue to avoid the evils of inflation and deflation.

We are rapidly moving towards the day when shortages will be overcome—but reconversion takes time.

The danger of inflation, and its black shadow—deflation—will last as long as goods are not enough to meet demands.

The ending of the war brings the temptation to scramble for things we've been without, and to offer to pay any price to get them.

That's the way inflation gets started. Inflation with its soaring cost of living is bad enough.

But inflation is always followed by deflation with its falling prices, bankrupt businesses, unemployment and distress.

Deflation would be a calamity that would involve every man, woman and child in Canada.

The only controls that are being maintained are those that aid the production of needed supplies and their speedy and fair distribution to the public, and which prevent an inflationary price rise. As soon as conditions warrant, these will be dropped.

Until industry gets back to normal production, price ceilings, rationing and some controls are a necessary safeguard for everyone of us.

Keep them working.

IT'S YOUR JOB AND YOUR SAVINGS THAT ARE AT STAKE

This advertisement is one of a series being issued by the Government of Canada to emphasize the importance of preventing a further increase in the cost of living now and deflation and unemployment later.

HISTORICAL SUMMARY HASTINGS AND PRINCE EDWARD REGIMENT

The Hastings and Prince Edward Regiment was formed December 1st, 1920, by amalgamation of the 16th Prince Edward Regiment and the 49th Regiment (Hastings Rifles), and takes precedence in the Infantry arm from date of organization of its senior con-

stituent unit, originally the 16th Battalion Volunteer Militia, raised Feb. 6th, 1863, and redesignated May 8th, 1900; the 16th Prince Edward Regiment.

The junior component was raised September 14th, 1866, as the 49th Hastings Battalion of Infantry; it was changed April 6th, 1871, to the 49th Hastings Battalion of Rifles, and on May 8th, 1900, to the 49th Regiment.

Hastings Rifles.

In the North West Rebellion, 1885, the 49th supplied a company to the composite unit known as the Midland Battalion.

Both the 16th and 49th Regiments contributed personnel to the Canadian Contingents which served in South Africa.

In the Great War of 1914-1918 both regiments recruited for the 2nd, 21st, 39th, 77th, 80th, 155th and 25th Battalions, C.E.F., three of which (the 39th, 80th and 254th) are perpetuated by the continuing Regiment, which was awarded the following Battle Honours.

"Mount Sorrel," "Some, 1916," "Arras, 1917," "Hill 70," "Ypres, 1917," "Amiens," "Hindenburg Line," "Pursuit to Mons."

In November, 1934, the Hastings and Prince Edward Regiment became allied with the Royal Sussex Regiment, whose first battalion took part in the capture of Louvainburg and Quebec. At the latter memorable battle the British regiment captured the standard of the 54th Royal Roussillon Regiment and for forty years thereafter commemorated that event by wearing the Roussillon plume in its headdress. Since 1799 the plume, (ostrich feather) has been embodied in the regimental badge.

Living up to its motto—Paratus—the Hastings and Prince Edward Regiment was one of the first units called out for active service in Sept., 1939. It mobilized at Picton and embarked for the United Kingdom on December 22nd, 1939, with the 1st Canadian Infantry Division, disembarking December 31st. New Year's Day, 1940, found them settling into their quarters in Maida Barracks, Aldershot Command. For many months the unit stood in one of the key positions ready to strike at the invader should he land in Britain.

The long-awaited D-Day arrived on July 10th, 1943, when the 1st Canadian Infantry Division landed at Pachino, Sicily. Driving forward through rough terrain, the Hastings and Prince Edward Regiment have reason to remember the actions that attended the stiff fighting at Regaluto, Nissoria and Assoro, to mention only a few engagements in the Division's 38-day campaign.

With the Sicilian campaign behind them, the Hastings and Prince Edward Regiment landed on the Italian mainland near Reggio on the 3rd of September. Two grim marches stand out in the first days of the Italian campaign—the arduous marches to Aspromonte and Campobasso. On high ground overlooking Campobasso, the unit withstood two savage German counter-attacks, which enabled the Royal Canadian Regiment to enter the town itself on October 14th.

The town of Molise, the Sangro and Moro Rivers, the Liri Valley, the Hitler Line, the Gothic Line—all these are names that will remain brilliant pages in the unit's history.

The Ronco River, the Lamone River Bridgehead, Naviglio Canal and the Senio Winter Line are additional engagements in which the Hastings and Prince Edward Regiment participated, as well as that of the Ijssel River Crossing.

APPOINTED RECTOR ST. THOMAS, BELLEVILLE

Major, the Rev. F. Arthur Smith, rector of St. George's Church, Trenton, has been appointed to the rectorship of St. Thomas Church in Belleville. The announcement of the appointment which is to take effect on November first, was made Tuesday by the Lord Bishop of the Diocese of Ontario, the Rt. Rev. John Lyons, Kingston.

The Rev. Arthur Smith was appointed a padre early in the war and served overseas. He returned to Trenton parish a few weeks ago. He succeeds the Rev. Rural Dean A. Beauchamp Payne.

FUNERAL OF MRS.
ISABELLA REID

The funeral of the late Mrs. Isabella Reid took place from her late residence to Mount Pleasant United Church for service at 2.30 p.m., on September 21st, 1945. The late Mrs. Reid died at her home on Wednesday, September 19th, 1945, following a month's illness.

The service was conducted by Rev. T. P. Townsend, Stirling. His text, "Ye Belong to Christ" was requested by the deceased at an earlier date. Mrs. E. McKeown, Bethel, rendered a solo.

The late Isabella Reid, aged 79, was born in Rawdon, daughter of the late Wm. Pollock, and his wife, the late Agnes Melkielejohn, who came to Canada from Ireland in 1847, and from Scotland in 1844, respectively.

Educated at Wellman's and Campbellford, and Madoc Model Schools, the deceased taught in Harold School and at Mt. Pleasant Allen's School for three years before her marriage in 1887 to Edgar Reid, Mt. Pleasant, to this union was born one daughter, Alma Olive, who passed away in 1920.

Mrs. Edgar Reid was highly regarded by her neighbours and friends, possessing to the end a keen mind and generous heart. Her strong personality was felt by all who knew her. In religion she was a member of Mount Pleasant United Church.

Surviving are her brother, John Pollock, Springfield; three grandchildren, Mrs. M. Remington, Newburgh, Carleton Place, on the home place and Irvine Potts, recently returned from overseas; two great-grandchildren, Ted Remington and David Potts, and a son-in-law, Wm. Potts, Hoards.

The pallbearers were neighbours, Messrs. B. Sharpe, M. Wrightman, G. Lynn, E. McKeown, I. Reid, W. H. Scott.

Interment in Mt. Pleasant cemetery.

EDWARD OVENS

Following a lengthy illness, Edward Owens, retired railwayman, passed away at his residence, Emily St., on Tuesday.

The late Mr. Owens was born on the 10th concession of Rawdon Township, the son of the late Thomas Owens and his wife, Eliza Jane Kiernan, and was in his 72nd year. He spent some years in Buffalo, N. Y., and Western Canada, and 19 years ago returned to Springfield, where he resided until coming to Stirling some months ago. In religion he was a member of Springfield United Church and was well and popularly known throughout the district.

Surviving are his widow, one son, Wellington, at home; one daughter, Mrs. Donald Rush, Belleville; and two sisters, Miss Ida Owens, Springfield, and Mrs. Victoria Follick, Buffalo, N. Y. Five grandchildren also survive.

The funeral took place from the Duffin Funeral parlors at 3 p.m. today (Thursday). Interment in Stirling cemetery.

NEWLY-WEDS ARE HONOURED

On Thursday evening, Sept. 13th, Mr. and Mrs. Sheldon McIntosh entertained twenty relatives and friends at a reception in honour of the recent marriage of their son, Donald, to Madeleine Walt, of Stockdale.

At the close of a bountiful repast, Rev. Walker acted as master-of-ceremonies, and speeches given by some of the guests were much enjoyed by all. Among those who ably spoke a few words were Mr. Ireland, grandfather of the bride, and Mr. Park, grandfather of the groom.

About ten o'clock the noisy gang from Stirling and River Valley paid their visit and serenaded the newly-weds with a number of popular selections.

All the orchestra musicians came in and a social hour was enjoyed by all. Mrs. George Heasman capably led the group in community singing. Rev. Walker acted as chairman and speeches were given by some present. Mr. Park gave a reading in his humorous manner. Mrs. Walker and Mrs. Eggleston delighted all with a duet. Miss Marjorie Walt sang a solo which was much enjoyed by all.

After a lunch of sandwiches, pickles, cookies and lemonade, all left for home feeling it was an evening well spent.

MINIMUM SALARY FOR RURAL SCHOOL TEACHERS SET AT \$1200.00

At the July session of the Ontario Legislature, Section No. 112 of the Public Schools Act was amended, requiring a Rural Public School Board of Trustees, to pay the teacher a salary of at least \$1200.00 per annum in order that the Board may be eligible to receive the general township grant.

McINROY—McGREGOR

A pretty wedding took place at the United Church parsonage, Marmora, Wednesday, September 19th, at 11 a.m. when Margaret Isabel McGregor, second daughter of Mr. and Mrs. Dean McGregor, Marmora, was united in marriage to Alfred Ward McInroy, eldest son of Mr. and Mrs. Murney McInroy, Bonarlaw. Rev. Cadigan performed the ceremony.

The bride, dressed in white flower-ed organza, with white accessories and corsage of roses, was attended by her sister, Miss Mary McGregor, who wore blue sheer with white accessories and corsage of roses.

Mr. Elmer McInroy, brother of the groom, was best man.

Amid showers of rice and confetti, the happy couple left for Belleville and points west and north.

On their return they will reside at the groom's home, near Bonarlaw.
